

# PRO BIO™

Mask with probiotics - face care

Strengthens the skin flora | Repairs | Tones | Prevents aging

## BENEFITS

The Pro Bio™ mask is ideal for enhancing skin health. Designed to moisturize, vitalize, and nourish the skin, its probiotic components reinforce the skin's natural flora.

## USING ADVICE

Once a week, after exfoliation, apply a thick layer of the Pro Bio™ mask, massage, then apply the Aqua™ mask on top of it. Leave on for 10 minutes or more, then rinse off. For optimal results, use in conjunction with the Davincia® product line.

\*Keep refrigerated between 1 and 5 °C.

## TARGETS

Redness • Acne • Acne rosacea • Dermatitis • Melasma • Dark spots • Wrinkles and tonicity • Scars

## INGREDIENTS

ALOE VERA	Moisturizing, healing and soothing agent.
BEET POWDER	A vegetable rich in vitamins and minerals. It moisturizes and plumps the skin while detoxifying it. The beet revitalizes and regenerates the skin. Its anti-inflammatory action helps to eliminate its imperfections.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-aging agent.
FERMENTED PLANT SUBSTRATES	Skin softening, anti-aging, restructuring, humectant and microbiome nourishing agent.
FRESH CUCUMBER PULP EXTRACT	Refreshing, moisturizing, regenerating and nourishing ingredient. Agent with anti-free radical, astringent and purifying properties that promotes healing.
FRESH YEAST	Nutrient-rich agent that helps repair our own cells, including amino acids, minerals, carbohydrates and cell membrane fragments.
GELATIN	Amino acids necessary for collagen.
GLYCERIN	Moisturizing and softening agent.
HÔ WOOD EO	Antibacterial, anti-infectious, antifungal, antiviral, astringent and skin regenerator.
HYALURONIC ACID	Moisturizing, plumping and anti-aging agent. (4 different molecular weights).
LAVENDER EO	Powerful antimicrobial agent, healing, antiseptic and skin regenerator.
PALMAROSA EO	Antibacterial, fungicidal, antiviral, stimulating, healing and regenerating agent.
PROBIOTIC (LACTIC BACTERIUM)	Immuno-stimulating organic protector. Promotes symbiotic balance.
PROPOLIS	Antiseptic, antibacterial and anti-inflammatory agent. Rich in vitamins and minerals that help maintain the balance of the microbial flora.
SEAWEED EXTRACT	Specific to sensitive skin. Firming and redness soothing agent. Protects the collagen matrix of the skin and its systems.
SODIUM LACTATE	Bacteriostatic, humectant and keratolytic agent (helps to eliminate dead cells from the corneous layer).
