

SILWETA™

Energizing exfoliator - body

Detoxifies | Exfoliates

BENEFITS

Silweta™ natural body scrub gently removes dead skin cells to help reinvigorate, tone and revitalize the skin. Its powerful marine active ingredients have cleansing and detoxifying effects on the body. In addition, it is enriched with moisturizing and stimulating biocompatible ingredients.

USING ADVICE

On dry skin, apply exfoliator and massage gently. Leave on for 2 minutes for maximum exfoliation, then rinse off. For optimal results, use with the Silweta™ line and follow the recommended protocol.

TARGETS

All skin types

INGREDIENTS

ASCORBIC ACID (VITAMIN C)	Keratolytic, brightening and antioxidant exfoliant. Collagen precursor.
CEDAR EO	Draining agent with lipolytic properties contributing to melt fats through the activation of arterial and lymphatic blood circulation.
CYPRESS EO	Venous and lymphatic decongestant agent, activating circulation and restoring the elasticity of the venous wall, decongesting the connective tissue; firming, acting on water retention and poorly irrigated skin, strengthening the walls of capillaries to prevent varicose veins.
DEAD SEA MUD	Detoxifying, exfoliating, purifying, oxygenating, mineralizing, firming, circulation stimulating, regenerating, reconstituting and cellular energizing ingredient.
BAMBOO FIBER	Natural mechanical exfoliating agent. It is biodegradable, bacteriostatic, anti-odor, hydrophilic, stimulates fibroblast precursors of collagen, firming, toning, repairing and remineralizing.
EUCALYPTUS GLOBULUS EO	Anti-inflammatory agent, skin soothing.
FERMENTED PLANT SUBSTRATES	Skin-softening, anti-aging, restructuring, humectant and microbiome-nourishing agent.
GLYCERIN	Moisturizing agent, emollient with skin softening and smoothing properties.
GRAPEFRUIT SEED EXTRACT	Antibiotic, antibacterial and antioxidant agent.
GRAPE SEED OIL	Moisturizing, toning, nourishing, reversing the effects of skin aging.
KAOLIN	Anti-inflammatory, antiseptic agent, purifies by absorbing impurities (in combination with essential oils) with softening properties.
LACTIC ACID	Keratolytic agent, exfoliating, moisturizing.
MAGNESIUM SULFATE	Mineral that promotes the expulsion of toxins, reduces swelling, emollient, exfoliating, relaxing muscles and the nervous system.
PINE EO	A powerful lymphatic decongestant, soothing heavy legs.
PUMICE POWDER (VOLCANIC)	Natural mineral, organic and ecological exfoliating agent, mainly of volcanic origin.

SILWETA™

Energizing exfoliator - body

INGREDIENTS (CONTINUATION)

VITAMIN E

Antioxidant, repairing and healing agent.

PRO TIP

As soon as the exfoliation process begins, the anti-cellulite effects are activated. In order to neutralize odors and to detoxify even fragile skin areas, it is suggested to let it stand instead of rubbing (groin, armpits). Perfect to detoxify the skin from the aluminum contained in popular deodorants.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

SILWETA™

Lipoactiv Oil - body

Lymphatic draining | Circulatory system toning | Lipolytic

BENEFITS

This oil promotes cleansing, drainage and slimming. Reduces the appearance of cellulite while delivering a powerful fusion of draining and toning anti-cellulite agents to the blood capillaries. It is ideal for preventing vascular problems.

USING ADVICE

Apply Lipoactiv oil generously to problem areas and massage in. For optimal results, use with the Silweta™ product line and apply the recommended protocol.

TARGETS

Heavy legs • Varicose veins • Cellulite • Fatty deposits

INGREDIENTS

ARNICA OIL	A moisturizing and decongesting compound with anti-inflammatory, healing properties, promoting good blood circulation and skin regeneration.
BLACK PEPPER EO	Blood circulation stimulating agent; venous tonic that strengthens blood capillaries and counteracts varicose veins.
CASTOR OIL	Draining, anti-inflammatory agent that stimulates blood and lymphatic circulation and facilitates the elimination of toxins and waste at the cellular level.
CEDAR EO	Draining agent, activating blood, arterial and lymphatic circulation; lipolytic agent (fat melting), anti-cellulite, venous and lymphatic decongestant, detoxifying, draining, arterial regenerator, lymphatic system tonic.
CINNAMON EO	Thermo-active agent, microcirculation activator, helping to burn fat.
CYPRESS EO	Firming agent acting on water retention and poorly irrigated skin; venous and lymphatic decongestant, activating circulation and restoring the elasticity of the venous wall, decongestant of connective tissue strengthening the walls of capillaries to prevent varicose veins.
GERANIUM EO	Firming agent (tissue); blood and lymphatic circulation activator.
GRAPE SEED OIL	Toning agent, antioxidant, anti-wrinkle and anti-inflammatory, reversing the damage of time.
JUNIPER EO (BERRIES)	Anti-inflammatory agent with anti-cellulite, tonic and diuretic properties acting strongly on water retention.
LAVENDER EO	Circulation stimulating, toning, anti-inflammatory agent.
LEMON EO	Lipolytic agent promoting the elimination of fat and water retention, lymphatic draining, blood thinner.
MUSTARD OIL	An agent that stimulates blood circulation, helping to drain toxins.
PATCHOULI EO	Agent with properties promoting venous circulation, which are also decongestant, regenerating, healing, anti-inflammatory, anti-infectious, antiseptic, stimulating, tonic and promoting circulation.

SILWETA™

Lipoactiv Oil - body

INGREDIENTS (CONTINUATION)

PINE EO	Lymphatic decongestant agent contributing to relieve heavy legs.
PINK GRAPEFRUIT EO	Lymphatic stimulating agent.
ROSEMARY EO	Agent improving metabolism, circulation and drainage, facilitating the penetration of other essential oils through the tissues.
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.

PRO TIP

The essential oils that this oil contains make it an effective mosquito repellent. It is a two-in-one product with a truly appreciated scent!

CAUTIONS

Avoid sun exposure during 2 hours after using the oil. Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

SILWETA™

Lipotonic Gel - body

Lipolysis | Tones | Drains

BENEFITS

The Lipotonic gel Silweta™ naturally firms the skin by moisturizing it and reducing the appearance of cellulite. It destocks fat, stimulates blood circulation and visibly tones the skin. It refines and redefines the silhouette and helps to make the skin visibly smoother, tighter and firmer. This gel provides concrete results quickly, and some even call it a fat burner.

USING ADVICE

On clean skin, apply the gel on the targeted areas of the body and massage gently for better absorption of the product. For optimal results, use with the Silweta™ line and follow the recommended protocol.

TARGETS

Fatty mass • Lack of tonus • Heavy legs

INGREDIENTS

ESSENTIAL OILS (COMPLEX)

Antioxidant, tonic, stimulating, hyperhemian, lipolytic and draining agent.

HORSE CHESTNUT

Skin tonic and blood circulation vasoconstrictor.

IODINE COMPLEX

Lipolytic draining fat and acting on cellulite.

SILWETA™

Lipotonic Gel - body

PRO TIP

Ideal for toning the inner thigh when traveling. The effects of this gel are ultra-fast acting. In periods of intense heat, it relieves heavy legs in an instant. Suggest it as a cure to optimize the results.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

SILWETA™

Biotonus moisturizing cream - body

Moisturizes | Tones

BENEFITS

Due to its firming and toning active ingredients on the skin, this fluid cream stimulates the production of collagen and provides you with hydrated skin for extended hours. Soft and silky, you will love its fresh and captivating fragrance.

USING ADVICE

On clean skin, apply the desired amount to cover your body. For best results and to help the active ingredients to better penetrate the skin, use the Silweta™ exfoliator before applying this toning cream. For optimal results, use with the Silweta™ product line and apply the recommended protocol.

TARGETS

Dry skin • Lack of tonicity

INGREDIENTS

ALLANTOIN	Calming, healing, soothing and moisturizing agent.
ALOE VERA	Moisturizing, healing and soothing agent.
ARGAN OIL	Antioxidant, moisturizing, nourishing and regenerating agent rich in vitamin E and essential fatty acids (omega-9 and omega-6).
CEDAR EO	Decongesting agent, lymphatic stimulant, arterial regenerator and lymphatic tonic.
COCONUT LAURIC ACID	Emollient and softening agent that restores the hydrolipidic barrier.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-aging agent.
FERMENTED PLANT SUBSTRATES	Anti-aging agents by acting on longevity proteins. Restructuring and humectant agent that soften the skin and nourish the microbiome.
GERANIUM EO	Anti-inflammatory agent, tonic and skin astringent.
GLYCERIN	Humectant, moisturizing and softening agent.
GRAPE SEED OIL	Moisturizing, regenerating, astringent, tonic, antioxidant, anti-inflammatory and rich in essential fatty acids.
LAVENDER EO	Powerful healing and skin regenerating agent with antimicrobial and antiseptic properties.
MARINE NATIVE COLLAGEN	An agent that helps form a protective barrier to prevent the signs of aging. A structuring agent identical to skin collagen and used to mimic collagen production.
NIACINAMIDE (VITAMIN B3)	Agent at the root of the cellular respiration process that affects multiple biochemical reactions. An agent that increases the "rotation of the epidermis", stimulating collagen production and toning the skin.
PALMAROSE EO	Antibacterial, fungicidal, antiviral, stimulating, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, purifying and decongestant agent.
ROSE WATER	Astringent, toning and refreshing agent.

SILWETA™

Biotonus moisturizing cream - body

INGREDIENTS (CONTINUATION)

SHEA BUTTER	Agent with protective, repairing and moisturizing properties.
SODIUM LACTATE	Preservative, bacteriostatic, humectant and keratolytic agent (removal of dead cells from the stratum corneum).
SODIUM PCA	Humectant agent that maintains the water content in the skin. Moisturizer with electrolytic properties.
SORBITOL	Humectant agent that reduces dryness and seals in moisture.
VITAMIN E	Antioxidant agent with healing, regenerating and moisturizing properties.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

SILWETA™

Defibrosis brush - body

Tones | Invigorates | Deep massages

BENEFITS

This brush is specially chosen to allow a deep massage, both gentle and effective. In combination with Lipoactiv Silweta™ oil, this brush visibly tones and firms the body skin while smoothing the appearance of the body's contours. The deep massage with the brush promotes drainage and increases skin firmness in a 100% natural way. Enjoy the benefits of this slimming brush that destocks fat, reduces the appearance of cellulite and orange peel skin.

USING ADVICE

This defibrosing brush is used in conjunction with Lipoactiv Silweta™ oil. Apply the oil onto problem areas such as fat deposits, cellulite or lack of tone, then massage vigorously with the brush in a circular motion, working upwards. It is normal for minor bruising to occur and for it to be sore on congested areas during the first few uses. This discomfort will subside with each massage. For optimal results, use with the Silweta™ line and follow the recommended protocol. Consult your Davincia® retailer for the optimal using technique.

TARGETS

Fibrous subcutaneous tissue • Cellulite • Heavy legs

CAUTIONS

Keep out of reach of children. For external use only. Avoid use on irritated or damaged skin.

SILWETA™

Suction cup - body

Decongests | Tissue defibrosis

BENEFITS

As a complement to the products in the Silweta™ product line, the suction cup is an ally in the treatment of cellulite and fatty deposits. The use of the suction cup helps to reduce the appearance of dimpled skin, orange peel skin, and smooth the body's skin. It provides the "palpate-roll" effect and promotes the breakdown of fat cells stored in the body, in addition to having beneficial effects on blood circulation.

USING ADVICE

Using Lipoactiv Silweta™ oil, create a suction with the suction cup to loosen the skin. Move in a constant motion in several directions. The skin should redden to signal an increase in blood circulation. Perform vertical, horizontal and circular movements and finish with upward movements. For optimal results, use with the Silweta™ product line and follow the recommended protocol. Consult your Davincia® retailer for the optimal using technique.

TARGETS

Subcutaneous fibrosis tissue • Cellulite • Fatty deposits • Uneven texture • Loss of firmness and elasticity

CAUTIONS

Fully contraindicated for people with vascular problems such as varicose veins, varicosities or phlebitis. In suction mode, never hold the suction cup for more than 3 seconds in the same place and keep it in constant movement. Keep out of reach of children. For external use only. Avoid use on irritated or damaged skin.
