

# KAPILA™

Biocompatible Shampoo with prebiotics

Cleanses | Purifies | Nourishes hair and skin flora

## BENEFITS

Davincia® prebiotic shampoo cleanses, purifies the scalp, respects its pH and biological integrity. It nourishes the skin microbiome and promotes a healthy skin flora to promote health and vitality of the hair. It increases the density of hair and gives it shine. Free from sulfates, silicones and controversial agents.

## USING ADVICE

Thoroughly wet the hair, apply the shampoo to the scalp, massage with the appropriate brush, and rinse. Repeat once more, leaving it on for 2 minutes to cleanse more deeply and allow the beneficial ingredients to take effect. Use every 48 hours.

## TARGETS

All types of scalp and hair

## INGREDIENTS

BAMBOO EXTRACT	An agent rich in silica, it strengthens hair follicles, promotes hair thickness and resilience. It hydrates, improves blood circulation, and calms inflammation.
BERGAMOT EO	A purifying, anti-inflammatory, antifungal, antibacterial, and sebum-regulating agent. It stimulates blood circulation, oxygenates, tones, and promotes hair growth. It has a positive effect on mood.
COLLOIDAL SILVER	An anti-inflammatory, fortifying, soothing, protective, and stimulating agent. It is antimicrobial, purifying, reduces dandruff, and combats hair loss.
EUCALYPTUS EO	A purifying, stimulating, sebum-regulating, antibacterial, antifungal, and revitalizing agent that stimulates blood circulation. It has an energizing and positive effect.
GLUCOSE AND OIL EXTRACTS	An agent that mimics the effect of silicone and hydrates hair.
HYDROLYZED PROTEINS	A nourishing agent that strengthens hair structure, repairs cracks, and maintains hydration. It improves elasticity and reduces breakage.
NATURAL SILICONE "LIKE"	A humectant, anti-frizz agent. It smooths, coats, and provides a soft, silky texture without a greasy effect.
NATURAL SURFACTANTS	Gentle foaming cleansing agents that respect the scalp's microbiome.
PREBIOTIC BLEND	An agent rich in bioactive fermented nutrients that are restructuring, hydrating, humectant, and vitalizing for the scalp's flora.
PROPOLIS	An antiseptic, antibacterial, anti-inflammatory, and antioxidant agent. It is rich in bioactives, vitamins, and minerals, and balances the scalp's microbial flora. Ideal for psoriasis, eczema, dermatitis, and dandruff.
ROSEMARY EO	An agent that stimulates hair follicles, strengthens hair, and slows graying. It is sebum-regulating, antiseptic, antioxidant, anti-dandruff, and antifungal.
VITAMIN B5	A fortifying, hydrating, and repairing agent that stimulates hair growth.

## PRO TIP

Lathering with the shampoo brush helps create a rich, dense, and creamy foam.

Explain the reason for cleansing every 48 hours.

Explain that shampoo containing non-natural agents runs over the entire body and can partially contribute to imbalances in the skin's health on the body.

## CAUTIONS

Keep out of reach of children. Avoid use on irritated skin or if allergic to any of the ingredients. If any reaction occurs, discontinue use and notify your Davincia® retailer. If in contact with eyes, rinse with water. External use only.

# KAPILA™

Biocompatible Conditioner with prebiotics

Hydrates | Nourishes | Softens | Strengthens the hair fiber | Repairs split ends | Provides shine | Eases detangling | Increases volume | Protects against external aggressions

## BENEFITS

The Davincia® biocompatible conditioner with prebiotics is an intensive treatment formulated to deeply restore, hydrate, and protect hair. Ideal for dry, damaged, or hard-to-manage hair, it penetrates the core of the hair fiber to repair damage and strengthen hair structure, while providing softness and radiant shine. Enriched with natural active ingredients, this conditioner makes detangling easier, and helps prevent split ends without weighing the hair down. For healthier, silkier, and more voluminous hair.

## USING ADVICE

After using Davincia® shampoo, apply the conditioner to the lengths of wet hair. Gently massage to allow the active ingredients to penetrate, then leave on for one minute before rinsing. For intensive care, add a small additional amount to areas that need more hydration and detangling, without rinsing, for even silkier and easier-to-manage hair.

## TARGETS

Damaged or weakened hair • Dull and lackluster hair • Split ends • Fine or flat hair • Hard-to-detangle hair • Sensitive scalp

## INGREDIENTS

ALLANTOIN	A softening and smoothing agent that facilitates detangling and is anti-frizz. It repairs and smooths the cuticle.
ARGAN OIL	An antioxidant, restructuring, hydrating, nourishing, and regenerating agent. It is rich in vitamin E and essential fatty acids.
ARGININE	An agent that repairs and prevents hair loss. A key amino acid that protects and strengthens the hair fiber.
BAMBOO EXTRACT	An agent rich in silica, it gives softness, shine, and strength to the hair.
BERGAMOT EO	An agent that promotes hair growth and is sebum-regulating. It makes the hair shine and has a positive effect on the mood.
BLEND OF PEPTIDES, AMINO ACIDS AND BIOCOMPATIBLE VITAMINS	An agent enriched with biocompatible active molecules that regenerates and vitalizes the hair fiber. It improves the quality of keratin, strengthens the hair, and gives it shine. It makes the hair more resistant to UV, pollution, and heating tools.
BURITI OIL	An agent rich in essential fatty acids, it deeply hydrates, leaving the hair soft, supple, and shiny. It repairs damaged hair, deeply nourishes, and restores shine thanks to beta-carotene. It protects against UV, blue light, pollution, and other aggressions.
CERAMIDES	A protective and humectant agent. It smooths the scales, strengthens, and preserves the color's shine.
EUCALYPTUS EO	An agent that hydrates and restores shine to the hair. It is energizing and has a positive effect on the system.
GLYCERIN	A humectant, hydrating, and softening agent.
HYDROLYZED PROTEINS	A nourishing agent that strengthens the hair structure, repairs cracks, and maintains hydration. It improves elasticity and reduces breakage.

OIL AND GLUCOSE EXTRACTS	A natural hydrating agent that acts like silicone.
PREBIOTIC BLEND	An agent rich in bioactive fermented nutrients. It is restructuring, hydrating, humectant, and vitalizing.
RED ALGAE	An agent that provides 100% of the necessary trace elements. A source of vitamins, minerals, antioxidants, and high-quality proteins. It nourishes, hydrates, strengthens the hair, and makes it resistant.
SILICONE "LIKE"	A humectant, anti-frizz, smoothing, and softening agent without a greasy effect.
SWEET ALMOND OIL	A hydrating agent that smooths and protects colored hair.
VITAMIN B5	A fortifying agent that brings shine, intense hydration, and helps repair damaged hair.

## PRO TIP

Suggest using as a hair mask once a week.

## CAUTIONS

Keep out of reach of children. Avoid use on irritated skin or if allergic to any of the ingredients. If any reaction occurs, discontinue use and notify your Davincia® retailer. If in contact with eyes, rinse with water. External use only.

# KAPILA™

Purifying exfoliator for scalp

Deep detoxification | Removal of surface debris | Emollient action | Preparation for treatments

## BENEFITS

Davincia® purifying exfoliator for scalp deeply detoxifies, removing impurities, dead cells, and accumulated debris to provide the scalp with an unparalleled feeling of cleanliness and lightness. In addition to its exfoliating action, it gently softens and emollients the scalp, leaving it soothed and revitalized. Ideal for preparation, it optimizes the absorption of active ingredients from other Davincia® treatments, allowing for maximized results and a healthy head of hair.

## USING ADVICE

After shampooing, apply the exfoliant exclusively to the scalp. Gently massage to activate exfoliation, then leave on for 5 minutes to deeply purify. Rinse thoroughly and complete the treatment with the specific Davincia® serum for optimal results.

## TARGETS

Oily scalp • Product buildup overloading the scalp • Itching and discomfort • Dry dandruff and flakes • Loss of volume • Lack of shine and dull hair

## INGREDIENTS

ACTIVATED CHARCOAL	An agent that exfoliates, removes impurities, excess sebum, detoxifies, and maintains a lipid balance and harmonious microbiome. It relieves itching.
BLACK PEPPER EO	An agent that stimulates blood circulation, promotes nutrient supply to hair follicles, and encourages hair growth and strengthening. An agent that warms and unclogs, dilates hair follicles, and promotes better absorption of active ingredients. It reduces scalp muscle tension. It is rich in antioxidants and is anti-radical, preventing premature degeneration of hair follicles. An antibacterial and antifungal agent.
CASTOR OIL	A draining, anti-inflammatory agent that stimulates blood circulation and facilitates the elimination of toxins and waste at the cellular level.
CERAMIDES	A hydrating agent that softens the scalp. It dilates hair follicles and increases the absorption of active ingredients.
DEAD SEA MUD	An agent rich in anti-inflammatory minerals and trace elements, alkalizing and healing, detoxifying and stimulating blood capillaries. It energizes cells and balances pH. A hydrating, oxygenating agent that chelates heavy metals.
EPSOM SALT	A purifying, natural exfoliating, and sebum-regulating agent. It helps unclog hair follicles from product buildup and promotes skin oxygenation. The magnesium it contains strengthens hair, soothes irritations, and prevents dandruff.
EUCALYPTUS GLOBULUS EO	An anti-inflammatory, refreshing, energizing agent that stimulates blood circulation. It is antibacterial, antifungal, purifying, stimulating, and unclogs hair follicles.
FULVIC ACID	An anti-inflammatory, antiseptic agent that captures toxins. It improves nutrient absorption and hydrates the scalp. An agent that promotes cell regeneration, vitalizes the scalp, and prevents the formation of white hair.
HYALURONIC ACID	A biocompatible, emollient, hydrating, and humectant agent.
LEMON EO	An agent that soothes itching and stimulates blood capillaries. It has antiseptic, degreasing, purifying, and exfoliating properties.

---

**ROSEMARY EO**

An agent that stimulates hair follicles and slows down hair graying. It is antioxidant and anti-dandruff, prevents hair loss, and encourages regrowth. A antiseptic, sebum-regulating and antifungal agent.

---

**NATURAL SURFACTANTS**

Gentle foaming cleansing agents that respect the scalp's microbiome.

---

**PEPPERMINT EO**

An antibacterial, astringent, purifying, toning, refreshing, and soothing agent. It is antiseptic, sebum-regulating, eliminates pathogenic microorganisms, and keeps the scalp healthy. It stimulates hair follicles and promotes hair regrowth.

**PRO TIP**

Offer it as a preventive measure.

**CAUTIONS**

Keep out of reach of children. Avoid use on irritated skin or if allergic to any of the ingredients. If any reaction occurs, discontinue use and notify your Davincia® retailer. If in contact with your eyes, rinse with water. External use only.

# KAPILA™

Calming serum for scalp

Soothes scalp discomfort | Deeply hydrates | Promotes a healthy-looking scalp | Reduces itching sensations | Improves the feeling of softness

## BENEFITS

This soothing serum is specially formulated to help relieve discomfort sensations of the scalp, including dryness, itching, and irritation. Its moisturizing and softening formula helps restore scalp well-being by providing a lasting feeling of comfort and hydration. When used regularly, this serum helps maintain a healthy and balanced-looking scalp while promoting soft and revitalized hair.

## USING ADVICE

After using the Davincia® hair exfoliant, shake the serum vigorously, then evenly apply 25ml of serum to the entire scalp. For a complete treatment, apply the Pro Bio™ mask mixture over the serum, gently massage for optimal absorption, then leave it on for at least 10 minutes before lightly rinsing. To hydrate the ends, finish with Davincia® conditioner if necessary.

## TARGETS

Eczema • Psoriasis • Dermatitis • Dandruff • Irritations • Broken capillaries • Redness • Itch

## INGREDIENTS

ALLANTOIN	An agent that heals, stimulates skin renewal, regulates the inflammatory process, and is a humectant.
ALOE VERA	An agent rich in trace elements, antioxidant, calming, hydrating, and astringent. It is healing and regenerating.
BAMBOO EXTRACT	An agent rich in silica that strengthens hair follicles. It hydrates, improves blood circulation, and is anti-inflammatory.
BLACKCURRANT GEMMOTHERAPY	An adaptogenic and anti-inflammatory agent that vitalizes the tissues and cells of the scalp. It protects against external aggressions and minor infections.
CALCIUM FLUORIDE	An agent that strengthens the elasticity of connective tissues by stabilizing collagen and elastin fibers. It helps prevent hair breakage and improves the resilience of hair follicles. It also supports the structure of blood vessels, promoting better circulation and nutrition in the hair's dermal papilla.
CASTOR OIL	An anti-inflammatory, healing agent that stimulates blood circulation, detoxifies, and nourishes the follicle to strengthen the hair. It reduces itching.
CERAMIDES	Protective agent that hydrates, softens and facilitates the absorption of active ingredients.
CHAMOMILE WATER	A soothing, regenerating, and anti-inflammatory agent.
COLLOIDAL SILVER	An anti-inflammatory, healing, fortifying agent that soothes irritations and stimulates the skin. It is a powerful antimicrobial, purifies the scalp, and reduces dandruff.
DAMASK ROSE WATER	An anti-inflammatory agent that soothes irritation of dry and problematic tissues.
DEAD SEA MINERALS	An anti-inflammatory, regenerating, and healing agent. It soothes itching and reduces dandruff.
GROWTH FACTORS	Biocompatible agents that activate stem cells, accelerate hair growth, and repair cellular micro-cracks. They prolong the anagen phase, stimulate keratin production, promote blood circulation, oxygenate the skin, and are anti-inflammatory.

HYALURONIC ACID	A biocompatible, emollient, hydrating and humectant agent.
LAVENDER EO	A healing, skin-regenerating, anti-inflammatory, antimicrobial and antiseptic agent.
LOTUS EO	An antioxidant, hydrating, soothing, and revitalizing agent.
OLIGOSACCHARIDES	An anti-inflammatory, anti-itching agent that rebalances the microbiome and restores the skin barrier.
PALMAROSA EO	An antibacterial, fungicidal, antiviral, stimulating, healing, and regenerating agent.
PREBIOTIC BLEND	An agent rich in bioactive fermented nutrients that are restructuring, hydrating, humectant, and vitalizing for the scalp's flora.
PROPOLIS	An antiseptic, antibacterial, anti-inflammatory, and antioxidant agent. It is rich in vitamins and minerals and balances the scalp's microbial flora. Ideal for psoriasis, eczema, dermatitis, and dandruff.
SAFFLOWER OLEOSOMES	An agent rich in emollient oils and vitamins.
SILICEA	A key agent in collagen synthesis that strengthens the skin, hair, and nails. It promotes the healing of micro-lesions and improves resistance by reinforcing the extracellular matrix. It maintains the integrity of connective tissues and ensures healthy and strong hair.
WILLOWHERB (FLOWER)	An antioxidant, anti-inflammatory, antimicrobial, and anti-dandruff agent that reduces irritation.
WITCH HAZEL WATER	An anti-inflammatory, calming, vasoconstrictor agent that soothes redness.
UREA	An intense hydrating, antibacterial, and humectant agent. It easily penetrates the scalp skin.

## PRO TIP

Suggest to the client to add a Pro Bio™ mask mixture on top and let it sit for more than 10 minutes.

## CAUTIONS

Keep out of reach of children. Avoid use on irritated skin or if allergic to any of the ingredients. If any reaction occurs, discontinue use and notify your Davincia® retailer. If in contact with eyes, rinse with water. External use only.

Nourishing serum for scalp

Stimulates hair growth | Hair revitalization | Nourishes the hair | Strengthens the hair

## BENEFITS

This nourishing serum helps the hair growth and provides the right nutrients to optimize hair quality and health. This serum also nourishes the skin flora to help maintain a healthy scalp.

## USING ADVICE

After using the Davincia® hair exfoliant, shake the serum vigorously, then evenly apply 25ml of serum to the entire scalp. For a complete treatment, apply the Pro Bio™ mask mixture over the serum, gently massage for optimal absorption, then leave it on for at least 10 minutes before lightly rinsing. To hydrate the ends, finish with Davincia® conditioner if necessary.

## TARGETS

Dry and dehydrated hair • Dull hair • Fine or fragile hair lacking strength • Unbalanced scalp • Chemically treated hair

## INGREDIENTS

BAMBOO EXTRACT	An agent rich in silica that strengthens hair follicles, hydrates, improves blood circulation, and calms inflammation.
BLACK PEPPER EO	An agent that stimulates blood circulation, promotes nutrient supply, dilates hair follicles, and improves the absorption of other ingredients. An antioxidant, antibacterial, and antifungal agent.
CALCIUM FLUORIDE	An agent that strengthens the elasticity of connective tissues by stabilizing collagen and elastin fibers. It helps prevent hair breakage and improves the resilience of hair follicles. It also supports the structure of blood vessels, promoting better circulation and nutrition in the hair's dermal papilla.
CALCIUM PHOSPHATE	A mineralizing agent that promotes cell growth and tissue regeneration. It helps combat the weakness of hair follicles and ensures robust and healthy hair growth. Its role in cellular signaling is also vital for regulating hair growth cycles.
CASTOR OIL	An anti-inflammatory agent that stimulates blood circulation, detoxifies, and nourishes the follicle to strengthen the hair.
CERAMIDES	Agent that hydrates, softens, and facilitates the absorption of active ingredients.
DEAD SEA MINERALS	An anti-inflammatory, alkalizing, and regenerating agent.
ESSENTIAL OIL SYNERGY	Thermoactive agents that are antioxidant, antibacterial, antifungal, activate microcirculation, and strengthen capillaries.
EUCALYPTUS GLOBULUS EO	An anti-inflammatory, refreshing, energizing agent that stimulates blood circulation. An antibacterial, antifungal, and purifying agent.
GROWTH FACTORS	Biocompatible agents that activate stem cells, accelerate hair growth, and repair cellular micro-cracks. They prolong the anagen phase, stimulate keratin production, promote blood circulation, oxygenate the skin, and are anti-inflammatory.
PEPPERMINT EO	An antibacterial, astringent, purifying, toning, refreshing, and soothing agent. It prevents sebum buildup and promotes hair regrowth.

Biocompatible Care® for scalp

Exfoliates | Detoxifies | Revitalizes | Energizes | Nourishes | Protects | Strengthens | Prevents | Repairs

## BENEFITS

The Biocompatible Care® is an innovative alternative to traditional invasive solutions that addresses various scalp anomalies. Respectful of the skin, it provides the ideal conditions to promote its vitality while optimizing the quality of its skin flora. The result? Fresher, healthier, and more resilient skin. Using this treatment for maintenance is a great way to keep the scalp in optimal health.

## USING ADVICE

As a treatment, Biocompatible Care® is essential for correcting the effects of time. This unique and patented product should be recommended by your Davincia® retailer to achieve optimal benefits.

## TARGETS

All scalp anomalies

## INGREDIENTS

ACTIVATED CHARCOAL	Deep purifying agent that exfoliates, removes toxic hair product residues and impurities. Detoxifies the scalp and maintains lipid balance. Stimulates circulation, relieves itching, rebalances the microbiome, and balances pH. Promotes healthy hair growth under better conditions.
ALGINATE	Humectant, soothing, and detoxifying agent for impurities, toxins, and sebum. Rich in amino acids and minerals, it activates blood circulation and calms inflammation.
ASCORBIC ACID (VITAMIN C)	Exfoliating, brightening, antioxidant, and anti-inflammatory agent. Stimulates collagen production, improving elasticity and follicle strength.
CLAY	Mineralizing, purifying, anti-inflammatory, cellular regenerating, and healing agent. Absorbs toxins and dead cells.
DEAD SEA MUD	Rich in minerals and trace elements, anti-inflammatory agent that alkalizes, heals, detoxifies, hydrates, oxygenates, stimulates circulation, energizes cells, and balances pH. Chelates heavy metals.
DYNAMIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration. Contains components in proportions similar to blood plasma.
FERMENTED PAPAYA	Anti-inflammatory and antioxidant agent that stimulates natural defenses. Rich in highly absorbable vitamins.
FRESH YEAST	Nutrient-rich agent containing amino acids, minerals, carbohydrates, and cell membrane fragments. Cellular repair agent that promotes a healthy microbiome balance, limiting the growth of pathogenic yeasts.
FULVIC ACID	Nutrient-rich agent with purifying, anti-inflammatory, antioxidant, and hydrating properties. Reduces scalp irritation and stimulates follicle cell vitality.
GLYCOLIC ACID	Exfoliating, toning, and hydrating agent. Improves elasticity.
HYALURONIC ACID	Biocompatible moisturizing and emollient agent that attracts and retains water in the scalp.
HYPEREMIC AGENTS	Agents that activate blood circulation, stimulate nutrition, and cellular detoxification.

LACTIC ACID	Exfoliating, softening, and hydrating agent. Stimulates collagen production.
LEMON EO	Soothes itching and stimulates blood capillaries. Antiseptic, degreasing, purifying, and exfoliating agent.
MANDELIC ACID	Antibacterial and exfoliating agent.
PALMAROSA EO	Antibacterial, fungicidal, antiviral, stimulating, healing, and regenerating agent.
PAPAIN	Anti-inflammatory enzyme that promotes debridement and is healing and detoxifying. Biological dynamizer acting like intelligent "PAC-MAN".
PROBIOTICS (LACTIC ACID BACTERIA)	Bacteria that act as organic protectors and immuno-stimulants. Promote an ideal ecosystem for optimal cell health and symbiotic balance by preventing the proliferation of harmful yeast or pathogenic bacteria. Protects against external aggressors such as pollution, chemicals and oxidative stress.
PROPOLIS	An antiseptic, antibacterial, anti-inflammatory and antioxidant agent. Rich in vitamins and minerals, it balances the scalp's microbial flora. Mobilizes against skin pathogens. Ideal for psoriasis, eczema, dermatitis and dandruff.
ROSEMARY CINEOLE EO	Stimulating, antiseptic, and antioxidant agent. Improves blood circulation, promotes hair growth, strengthens follicles, regulates sebum, and soothes irritations. Slows premature graying of hair.
SALICYLIC ACID	Mild exfoliating and keratolytic agent that helps liquefy sebum.
SERRAPEPTASE	Enzyme that digests unwanted proteins and removes tissue obstructions. Anti-inflammatory and antibacterial agent.
SPIRULINA (SUPERFOOD)	Antioxidant, detoxifying, immunostimulant, nourishing, remineralizing and circulation-stimulating agent.
SWEET ORANGE EO	Antiseptic, anti-inflammatory, and antioxidant agent. Stimulates blood circulation, regenerates cells, and refreshes the scalp. Moisturizing, nourishing, and sebum-regulating agent.
TEA TREE EO	Antibacterial, antifungal, and anti-inflammatory agent. Purifies, eliminates impurities, soothes irritations, reduces dandruff, and stimulates blood circulation. Promotes a healthy environment for hair growth.
WHITE WILLOW BARK EXTRACT	Purifies, exfoliates, and balances the scalp while soothing irritations.

## PRO TIP

Promote in a minimum 4-treatment course with the related kit to properly balance the skin. Sell for maintenance once a month. This treatment is also a great way to maintain the health and beauty of the scalp and hair when done regularly.

## CAUTIONS

Keep out of reach of children. Avoid using irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with your eyes rinse with water. External use only.

WARNING : Only use this treatment in conjunction with the Davincia® product line since it contains potent active ingredients that may be damaged by being exposed to certain ingredients. The synergies between this treatment and complementary Davincia® products will yield unparalleled results.

# KAPILA™

Regulating concentrate for scalp

Degrease | Oxygenate the scalp | Condition the scalp skin

## BENEFITS

This concentrate highly compatible with Davincia® purifying exfoliator for scalp removes deep-seated oils and impurities from the scalp, leaving it completely clean and thus creating an optimal environment for receiving active ingredients. The oxygenation of the scalp skin enhances the receptivity of blood capillaries and stimulates hair follicles. It maximizes the effectiveness of Davincia® products, ensuring optimal absorption of beneficial nutrients and active ingredients.

## USING ADVICE

Distribute using a dispensing bottle over the entire scalp after allowing the Davincia® purifying exfoliator to work for 3 minutes. Rinse thoroughly.

## TARGETS

All types of scalp and hair

## INGREDIENTS

---

### APPLE CIDER VINEGAR

An agent rich in minerals and trace elements, nourishes and promotes hair growth, balances the scalp's pH, tightens hair cuticles, removes residues, and purifies the scalp.

---

### LEMON PEEL OIL

A purifying agent that removes product buildup, exfoliates, is astringent and antibacterial. Its scent is invigorating and revitalizing.

## CAUTIONS

Keep out of reach of children. Avoid use on irritated skin or if allergic to any of the ingredients. If any reaction occurs, discontinue use and notify your Davincia® retailer. If in contact with the eyes, rinse with water. External use only.

# KAPILA™

Vector serum for scalp

Vector | Emollient | Facilitates product absorption

## BENEFITS

This scalp serum employs advanced delivery systems to facilitate the penetration of Biocompatible Care® actives beyond the skin barrier. The active ingredients are efficiently transported through the integumentary layers to the viable layers of the skin. This technology enables targeted and deep diffusion of nutrients, thereby optimizing their absorption and effectiveness.

## USING ADVICE

Dispense using a distribution bottle over the entire scalp after Davincia® purifying exfoliator for scalp. Do not rinse and proceed with the application of Davincia® Biocompatible Care®.

## TARGETS

All types of scalp and hair

## INGREDIENTS

CERAMIDES	An agent that hydrates, softens, and facilitates the absorption of active ingredients. It promotes an environment conducive to healthy hair growth.
GLYCERIN	A hydrating, humectant, and lubricating agent.
HYALURONIC ACID	A hydrating and humectant agent. It reduces dryness and soothes irritations.
PREBIOTIC BLEND	An agent rich in bioactive fermented nutrients that are restructuring, hydrating, humectant, and vitalizing for the scalp's flora.
SODIUM PCA	A humectant and hydrating agent with electrolytic properties. It strengthens the skin barrier and protects against irritations.
SORBITOL	A humectant and hydrating agent for the superficial layers of the skin, it soothes sensitive or dry scalps.
UREA	An exceptional hydrating and humectant agent. It is keratolytic and promotes cellular renewal of the scalp.

## CAUTIONS

Keep out of reach of children. Avoid use on irritated skin or if allergic to any of the ingredients. If any reaction occurs, discontinue use and notify your Davincia® retailer. If in contact with the eyes, rinse with water. External use only.
