

BIOCOMPATIBLE® CARE

Face

DETOXIFIES | REVITALIZES | ENERGIZES | STRENGTHENS | REPAIRS | PROTECTS | NOURISHES

BENEFITS

Biocompatible® Care is an innovative alternative to traditional invasive solutions. Respectful of the skin, it provides it with the ideal conditions that promote its autonomy; it provides the skin cells with the organic nutrition they need so that they can renew themselves in their entirety. The result? A new, fresher, healthier and more resistant skin. The active ingredients of this care work deep into the dermis almost 7 days after the treatment. This treatment is not only a solution to problems, but also a beautiful way to prevent and maintain the youthfulness of the skin.

NOTE : Acids account for less than 1% of the total formula and are quickly neutralized. This care is not a peel.

TARGETS

Rosacea • Couperose • Bags • Wrinkles • Acne • Scars • Tone • Dilated skin pores
Acne rosacea • Brown spots • Dark circles • Oily skin • Blackheads • Dull complexion

INGREDIENTS

ALGINATE	Humectant and purifying agent rich in amino acids and minerals.
ASCORBIC ACID (VITAMIN C)	Exfoliating, brightening, antioxidant agent. Stimulates collagen production and improves skin elasticity.
CLAY	Purifying, cellular reconstituting and healing agent. Absorbs toxins and dead cells.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-aging agent.
DEAD SEA MUD	Detoxifying, exfoliating, purifying, oxygenating, mineralizing, firming, regenerating, reconstituting and cellular energizing agent. Stimulates circulation.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration. Seawater contains components in the same proportions as those in our blood plasma.
FERMENTED PAPAYA	Antioxidant that stimulates natural defenses. Rich in vitamins.
FRESH YEAST	Very rich in nutrients that help repair our own cells including amino acids, minerals, carbohydrates and cell membrane fragments.
GLYCOLIC ACID	Toning, moisturizing and exfoliating agent. Improves elasticity.
GLYCOSAMINOGLYCAN	Promotes water retention and constitutes 30% of organic tissue.
GRAPEFRUIT EO	Astringent, antiseptic, purifying, stimulating and decongestant agent.
HYALURONIC ACID	Moisturizing, plumping and anti-aging agent.
HYPEREMIC AGENTS	Activate circulation and stimulates cellular exchanges.

BIOCOMPATIBLE® CARE

Face

INGREDIENTS (CONTINUATION)

LACTIC ACID	Exfoliating, softening and moisturizing agent. Stimulates collagen production.
LAVENDER EO	Healing, regenerating, antimicrobial and antiseptic agent.
LEMON EO	Purifying, antiseptic and antibacterial agent.
MANDELIC ACID	Antibacterial and exfoliating agent.
PALMAROSA EO	Antibacterial, fungicidal, antiviral, healing and regenerating agent.
PAPAIN	Natural anti-inflammatory enzyme that promotes debridement and supports healing and detoxification. Biological energizer that acts as an intelligent "PAC-MAN".
PINK LOTUS EO	Antioxidant, anti-inflammatory, softening and moisturizing agent.
PROBIOTIC (LACTIC ACID BACTERIA)	Immuno-stimulating organic protector. Promotes symbiotic balance.
PROPOLIS	An antiseptic, antibacterial, anti-inflammatory and antioxidant agent. Rich in vitamins and minerals, contains active ingredients acting against unwanted skin bacteria.
SALICYLIC ACID	Gentle exfoliating and keratolytic agent (total 1%).
SORBITOL	Humectant agent, reduces dryness by sealing in moisture.
SPIRULINA (SUPER FOOD)	Antioxidant, immunostimulant, nourishing and re-mineralizing agent.
WHITE WILLOW BARK EXTRACT	Exfoliating, powerful keratolytic.
ZINC GLUCONATE	Antioxidant and anti-inflammatory agent that promotes healing.

USING ADVICE

As a cure, the Biocompatible® Care is essential to correct the effects of time. This unique and patented product must be recommended by your Davincia® retailer to obtain optimal benefits.

CAUTIONS

WARNING: Only use the Davincia® product range in conjunction with this treatment since it contains powerful active agents whose action could be altered by certain ingredients. The synergy with the complementary Davincia® products will bring you outstanding results.

DO NOT USE IF YOU ARE PREGNANT. Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

ENZYMAX™

Complement to the Biocompatible® Care

POTENTIATOR

BENEFITS

Increases the effect of Biocompatible® Care and creates localized hyperhemia. It is used on fibrous and hyperkeratinized tissues, scars, pigmentary spots, wrinkles and acne.

TARGETS ——— Thought skin • Thick skin • Deep wrinkles • Crysts • Acne • Scars • Dark spots

INGREDIENTS

HYPERHEMIC AGENTS	Ingredients that activate the circulation and stimulate cellular exchanges of nutrients.
PAPAIN AND BROMELAIN	A natural anti-inflammatory enzyme and organic energizer that is a biological stimulant acting as an intelligent "PAC MAN", promotes the detoxification of damaged skin and supports the healing process.
SERRAPEPTASE	A proteolytic enzyme derived from the Serratia bacteria, which has the ability to dissolve non-living tissues while preserving living cells and tissues.
WHITE WILLOW BARK (SALICYLIC ACID)	A powerful keratolytic agent.
ZINC GLUCONATE	Purifying, antioxidant and anti-inflammatory agent that promotes healing.

ENZYMAX™

Complement to the Biocompatible® Care

USING ADVICE

For professional use only. To be used as a cure only and from the second or third Biocompatible® Care. Mix a controlled amount of Enzymax™ with the Biocompatible® Care powder before adding the liquid. Start with one gram in the entire powder mixture and increase the dose of one gram at a time in subsequent treatments. For optimal results, use in conjunction with the Davincia® product line.

ATTENTION : Never use Enzymax™ by itself on the skin, during the first Biocompatible® Care and near the eyes. Do not exceed the ratio of one third of the Enzymax™ sachet to two thirds of the powder sachet of the Biocompatible® Care.

CAUTIONS

For professional use only. Keep out of reach of children. Avoid using on eyelid and irritated skin, in case of allergy to one of the ingredients or if you are pregnant. If a reaction occurs, discontinue use and notify your Davincia® retailer. In case of contact with eyes, rinse with water. For external use only.

PURIFICA™

Cleansing and brightening foam

CLEANSSES | EXFOLIATES | BRIGHTENS | PURIFIES | REMOVES MAKE-UP

BENEFITS

Purifica™ cleansing foam cleanses, removes make-up, gently exfoliates, removes impurities, excess sebum, dead skin cells and fights shiny looking skin. It nourishes and protects the skin's microbiome while preparing it to receive the precious active ingredients of your Davincia® products.

TARGETS

All skin types

INGREDIENTS

ALOE VERA	Moisturizing, healing and soothing agent.
ASCORBIC ACID	Keratolytic, exfoliating, moisturizing, brightening and toning agent.
DAMASK ROSE EO	Revitalizing, regenerating, stimulating, firming and anti-wrinkle agent.
FERMENTED PLANT SUBSTRATES	Anti-aging, restructuring, humectant, microbiome nourishing and skin softening agent.
FERMENTED POLYSACCHARIDES	Moisturizing, soothing and restructuring agent. Agent with anti-aging properties by its action on longevity proteins and its antioxidant action on aging.
GLYCERIN	Humecting, moisturizing and softening agent.
GRAPEFRUIT EO	Antioxidant, antiseptic and stimulating agent. Prevents premature aging of the skin and gives radiance to the complexion.
JUNIPER EO	Anti-inflammatory agent, skin tonic and astringent.
LACTIC ACID	Keratolytic agent, exfoliating and moisturizing.
LEMON EO	Antimicrobial agent, antioxidant, antiseptic, anti-inflammatory, astringent and stimulates collagen production.
PURIFIED OIL AND GLUCOSE EXTRACT	Agent that deposits a hydrolipidic film on the skin to protect the microbiome.
WHITE LOTUS EO	Moisturizing, astringent, antioxidant, detoxifying and purifying agent.
WITCH HAZEL	Astringent, anti-inflammatory and venous tonic agent.

PURIFICA™

Cleansing and brightening foam

USING ADVICE

Apply 3-5 pumps of Purifica™ foam to the face (wet or dry), leave on for 10 seconds, finish with the eyes, then rinse thoroughly. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

EXFOLIA™

Biocompatible mineral exfoliator

DETOXIFYING | ANTI-INFLAMMATORY | ANTIBACTERIAL | HEALING

BENEFITS

Exfolia™ mechanical and keratolytic mineral scrub purifies the skin by gently removing dead cells. It absorbs toxins and manages unwanted bacteria, while calming inflammation through its remineralizing and healing action. Exfolia™ prepares the skin to absorb the precious active ingredients of your daily Davincia® products.

TARGETS — Dull complexion • Wrinkles • Pigmentation spots • Anti-aging • Tone • Acne • Dilated pores

INGREDIENTS

ASCORBIC ACID	Keratolytic exfoliating agent, lightening and antioxidant. Collagen precursor.
BAMBOO FIBER	Natural and biodegradable mechanical exfoliating agent.
BAMBOO WATER	Bacteriostatic, anti-odour, hydrophilic, firming, toning, remineralizing, repairing and stimulating agent of fibroblasts and collagen precursors.
CHILEAN ROSE HIP OIL	Anti-wrinkle, anti-aging, antioxidant, regenerating and toning agent.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DEAD SEA MUD	Detoxifying, exfoliating, purifying, oxygenating, mineralizing, firming and regenerating agent. Reconstituting and cellular energizing agent that stimulates blood circulation.
GLYCOLIC ACID	Exfoliating, toning and moisturizing agent. Brightens the complexion and improves skin elasticity.
GRAPEFRUIT SEED EXTRACT	Antibiotic, antibacterial and antioxidant agent.
GLYCERIN	Moisturizing, emollient, softening and smoothing skin agent.
JUNIPER EO	Anti-inflammatory, tonic and astringent agent.
KAOLIN	Anti-inflammatory, antiseptic and softening agent when combined with essential oils. Agent that absorbs impurities.
LACTIC ACID	Keratolytic, exfoliating and moisturizing agent.
MINT EO	Antibacterial, astringent, purifying, toning and refreshing agent.
SESAME OIL	Smoothing, softening, calming, antioxidant and anti-wrinkle agent.
SODIUM LACTATE	Bacteriostatic, humectant and keratolytic agent (helps eliminate dead cells from the stratum corneum).

EXFOLIA™

Biocompatible mineral exfoliator

INGREDIENTS (CONTINUATION)

VITAMIN E	Antioxidant, repairing and healing agent.
WHITE WILLOW BARK	Powerful keratolytic agent, antibacterial and purifying which stimulates skin renewal.

USING ADVICE

Once a week or as recommended, apply a thin layer to the area to be exfoliated, massage, leave on for 2 minutes or more, then exfoliate and rinse. Emphasize by massaging into wrinkles and areas that lack tone to stimulate collagen. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Use as a mask on specific skin problems, to accelerate the healing of a pimple or on an area of infected pimples, on a rosacea acne attack or scaly skin.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

AQUA™

Moisturizing and plumping collagen mask

SOOTHES | MOISTURIZES | PLUMPS

BENEFITS

Endowed with a strong hydrating capacity, Aqua™ soothes the epidermis. It releases powerful soothing and regenerating biocompatible agents to provide suppleness, comfort and freshness. Aqua™ decongests rosacea and couperose skin. Thanks to its collagen precursors, this mask restructures and plumps the skin, in addition to naturally regaling the lips.

TARGETS ————— Sensitive skin • Redness • Dryness • Poor tonicity • Sunburn

INGREDIENTS

ALOE VERA	Moisturizing, healing and soothing agent.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-aging agent.
FERMENTED PLANT SUBSTRATES	Skin softening, anti-aging, restructuring, humectant and microbiome nourishing agent.
FRESH CUCUMBER PULP EXTRACT	Refreshing, moisturizing, regenerating and nourishing ingredient. Agent with anti-radical, astringent and cleansing properties that promote healing.
GELATIN	Amino acids necessary for collagen.
GLYCERIN	Humectant, moisturizing and softening agent.
GERANIUM EO	Anti-inflammatory, antibacterial and antimicrobial agent.
HYALURONIC ACID	Moisturizing, plumping and anti-aging agent (4 different molecular weights).
MINT EXTRACT	Antibacterial, astringent, purifying, toning, refreshing and soothing agent.
NATIVE MARINE COLLAGEN	Agent adapted for skins exposed to UV rays and stressed by the environment. An agent with a structure identical to the collagen in human skin that prevents skin aging.
SODIUM LACTATE	Bacteriostatic, humectant and keratolytic agent (helps eliminate dead cells from the stratum corneum).
SORBITOL	Humectant agent that reduces dryness by sealing in moisture.
WITCH HAZEL WATER	Astringent, anti-inflammatory, calming and venous tonic agent.

AQUA™

Moisturizing and plumping collagen mask

USING ADVICE

Once or twice a week, on clean skin, apply Aqua™ in an even and thick layer to cover the face and neck. Leave on for 10 minutes or more and rinse. Follow with recommended Davincia® products. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Men will love shaving with Aqua™! Thanks to its gel texture, the blade glides smoothly and provides a comfortable shave. Aqua™ makes the skin soft, moisturizes intensely, calms inflammation and pimples caused by shaving.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

IDRATA™

Moisturizing and plumping serum with polypeptides

HYDRATES | NOURISHES | PLUMPS

BENEFITS

Idrata™ is a powerful vector for the active ingredients in Davincia® creams. Thanks to the synergy of moisturizing and humectant agents of different molecular weights, this serum attracts and maintains the skin's moisture. In addition to its plumping and anti-wrinkle action, the polysaccharides it contains nourish and preserve the microbiome.

TARGETS

All skin types • Dry skin

INGREDIENTS

DAMASK ROSE WATER	Astringent, invigorating, refreshing and anti-wrinkle ingredient that prevents skin aging.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration. Seawater contains components in the same proportions as those in our blood plasma.
FERMENTED PLANT SUBSTRATES	Anti-aging agents by acting on longevity proteins, restructuring agents and humectants that soften the skin and nourish the microbiome.
GLYCERIN	Moisturizing, humectant, lubricating and smoothing agent that durably improves the skin's elasticity.
HYALURONIC ACID	Plumping, anti-wrinkle and moisturizing agent that attracts and maintains water in the skin (4 different molecular weights).
LIPOPEPTIDES AND TRIPEPTIDES	Amino acids, natural constituents of skin proteins and contributors to the production of collagen. Moisturizing, anti-aging, smoothing and anti-wrinkle agents that restrain aging.
SODIUM LACTATE	Natural humectant and revitalizing agent.
SODIUM PCA	Humectant and moisturizing agent with electrolytic properties. Maintains moisture content in the skin.
SORBITOL	Humectant that reduces dryness by sealing in moisture.
SOY PROTEINS	Collagen producing elements that reduce the appearance of aging and prevent hormonal spots.

IDRATA™

Moisturizing and plumping serum with polypeptides

USING ADVICE

On clean skin, apply Idrata™ and let it penetrate. Spray Luvya™ and follow with the recommended Davincia® specific products. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Apply to lips and eyelids for a plumping effect. The slower the serum is applied, the better it penetrates.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

LUVYA™

Invigorating and energizing mist

DECONGESTS | TONES | SOOTHES

BENEFITS

By delivering its invigorating and restructuring biocompatible microparticles from the skin tissue, Luvya™ mist offers an invigorating and stimulating freshness. This 100% natural product protects the skin against environmental aggressors causing dryness. This mist stands out thanks to Schüssler Salts and gemmotherapy. It allows nutrients to penetrate the cell like a magnet.

TARGETS ————— Toneless skin • Rosacea • Redness • Descending eyelids

INGREDIENTS

DAMASK ROSE WATER	Astringent, toning, anti-wrinkle and refreshing agent that prevents premature aging of the skin.
ENERGIZED SEAWATER	Powerful vector which presents a high level of biocompatibility and fixes the hydration due to its richness in minerals. Seawater contains components in the same proportions as those in our blood plasma.
FRESH CUCUMBER EXTRACT	Refreshing, moisturizing, regenerating, nourishing, anti-free radical, purifying, astringent and healing agent.
GEMMOTHERAPY	Agent rich in nucleic acids, growth phytohormones, minerals, trace elements, vitamins and flavonoids (antioxidants). Has anti-inflammatory, draining, purifying and toning properties.
HYALURONIC ACID	Plumping, anti-wrinkle and moisturizing agent that retains and maintains water in the skin.
ORANGE BLOSSOM WATER	Soothing, regenerating and anti-aging agent that illuminates the skin.
SHÜSSLER'S SALT	Toning, firming and purifying agent.
WITCH HAZEL WATER	Anti-inflammatory and vasoconstrictive agent that soothes redness.

LUVYA™

Invigorating and energizing mist

USING ADVICE

After applying Idrata™ serum, spray Luvya™ mist on the face for a fresh feeling. Follow with your recommended face cream. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Spray Luvya™ during the day for a refreshing and invigorating effect! Suggest it in the morning to refresh as an alternative to cleanser for those who are used to washing their skin twice a day.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

VITALITA™

Anti-aging firming cream - normal to oily skin

TONES | PLUMPS | RESTRUCTURES

BENEFITS

Through the synergy of its active ingredients, this anti-aging cream rich in collagen precursors combines its biocompatible properties to regenerate, tone, plump and regenerate the mature skin with vitality. Thanks to its powerful antioxidants, it prevents cellular aging.

TARGETS ————— Wrinkles • Fine lines • Lack of tonicity • Lack of cushion

INGREDIENTS

ACEROLA	Rich in vitamin C. Stimulates collagen production and detoxifies the skin.
ALGAE EXTRACT	Firming, plumping and restructuring agent with a tensor effect that promotes cell cohesion and prevents the degradation of good cells.
ALOE VERA	Soothing, healing, moisturizing and regenerating agent.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.
CARROT OIL	Regenerating agent rich in vitamin A.
CHILEAN ROSEHIP OIL	Necessary agent for hydrolipidic nutrition and promotes flexibility and cellular hydration.
COLLOIDAL OATS	An ingredient rich in nutrients and soothing active ingredients for itching and irritation. Precious ally for sensitive and/or irritated skin.
CORAL CALCIUM	Moisturizing, nourishing agent, rich in various trace elements necessary to support the skin.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Astringent and toning agent that prevents premature skin aging.
ENERGIZED SEAWATER	Powerful biocompatible carrier rich in minerals that promote hydration, very similar to blood plasma.
FRESH CUCUMBER EXTRACT	Moisturizing, regenerating, nourishing and anti-free radical agent.
GELATIN	Agent rich in collagen precursors. Promotes cellular respiration and prevents aging (hydrolyzed collagen).
GLYCERIN	Moisturizing, emollient, softening and smoothing agent.
GLYCOSAMINOGLYCANS	Agent that promotes water retention and the skin's resistance to external aggressions.

VITALITA™

Anti-aging firming cream - normal to oily skin

INGREDIENTS (CONTINUATION)

HYALURONIC ACID	Moisturizing, plumping and anti-aging.
ITALIAN HELICHRYSUM EO	Regenerating, revitalizing, anti-wrinkle and anti-spotting agent.
LIPOPEPTIDES	Softening, nourishing and rejuvenating agent. Reduces the appearance of wrinkles and stimulates collagen production VII.
NATIVE MARINE COLLAGEN	Agent that helps form a protective shield to prevent aging. Structuring agent identical to human skin's collagen and used as a mimetic for the production of real collagen.
PALMAROSA EO	Antibacterial, fungicidal, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning agent.
SOYA EXTRACT	Biostimulating agent of the fibroblasts. Precursor of collagen which prevents its degradation, rich in peptides and trace elements. Increases the tonus (lifting effect) of the skin.
TRYPEPTIDES AND TETRAPEPTIDES	Softening, nourishing and rejuvenating agents that promote the neo-synthesis of extracellular matrix (collagen and hyaluronic acid).
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
WHITE LOTUS EO	Antioxidant and moisturizing agent.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Vitalita™ to the face, eye area, neck and cleavage. Massage lightly in order to let the product penetrate. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

VITALITA™

Anti-aging firming cream - dry skin

TONES | PLUMPS | RESTRUCTURES

BENEFITS

Through the synergy of its active ingredients, this anti-aging cream rich in collagen precursors combines its biocompatible properties to regenerate, tone, plump and regenerate the mature skin with vitality. Thanks to its powerful antioxidants, it prevents cellular aging. This version contains a higher proportion of oil than the version for normal skin.

TARGETS ————— Wrinkles • Fine lines • Lack of tonicity • Lack of cushion • Dry skin

INGREDIENTS

ACEROLA	An ingredient rich in vitamin C. Stimulates collagen production and detoxifies the skin.
ALGAE EXTRACT	Firming, plumping and restructuring agent with a tensor effect that promotes cell cohesion and prevents the degradation of good cells.
ALOE VERA	Soothing, healing, moisturizing and regenerating agent.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.
CARROT OIL	Regenerating agent rich in vitamin A.
CHILEAN ROSEHIP OIL	Necessary agent for hydrolipidic nutrition and promotes flexibility and cellular hydration.
COLLOIDAL OATMEAL	Ingredient rich in nutrients and soothing active ingredients for itching and irritation. Precious ally for sensitive and/or irritated skin.
CORAL CALCIUM	Moisturizing, nourishing agent, rich in various trace elements necessary to support the skin.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Astringent and toning agent that prevents premature skin aging.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration; very similar to blood plasma.
FRESH CUCUMBER EXTRACT	Moisturizing, regenerating, nourishing and anti-free radical agent.
GELATIN (HYDROLYZED COLLAGEN)	Agent rich in collagen precursors. Promotes cellular respiration and prevents aging (hydrolyzed collagen).
GLYCERIN	Moisturizing, emollient, softening and smoothing agent.
GLYCOSAMINOGLYCANS	Agent that promotes water retention and the skin's resistance to external aggressions.

VITALITA™

Anti-aging firming cream - dry skin

INGREDIENTS (CONTINUATION)

HYALURONIC ACID	Moisturizing, plumping and anti-aging.
ITALIAN HELICHRYSUM EO	Regenerating, revitalizing, anti-wrinkle and anti-spotting agent.
LIPOPEPTIDES	Softening, nourishing and rejuvenating agent. Reduces the appearance of wrinkles and stimulates collagen production VII.
NATIVE MARINE COLLAGEN	Agent that helps form a protective shield to prevent aging. Structuring agent identical to human skin's collagen and used as a mimetic for the production of real collagen.
PALMAROSA EO	Antibacterial, fungicidal, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning agent.
SHEA BUTTER	Repairing, softening, nourishing and prevents skin dryness.
SOYA EXTRACT	Biostimulating agent of the fibroblasts rich in peptides and trace elements. Precursor of collagen which prevents its degradation and which increases the tonicity (lifting effect) of the skin.
TRYPEPTIDES AND TETRAPEPTIDES	Softening, nourishing and rejuvenating agents that promote the neo-synthesis of extracellular matrix (collagen and hyaluronic acid).
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
WHITE LOTUS EO	Antioxidant and moisturizing agent.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Vitalita™ to the face, eye area, neck and cleavage. Massage lightly in order to let the product penetrate. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

CALMA™

Ultra-soothing gel

Soothes redness | Anti-inflammatory

BENEFITS

Calma™ increases the skin's resistance to environmental aggressions, in addition to decongesting areas marked by rosacea and couperose. It participates in the strengthening of the skin thanks to its moisturizing and regenerating properties, while promoting a better vessel toning.

USING ADVICE

Once a day, following the use of your Davincia Purifica™ cleanser, the Idrata™ serum and the Luvya™ facial mist. Apply Calma™ on the face and under eye area. Gently massage to help penetration. For optimal results, use in conjunction with the Davincia® product line.

TARGETS

Rosacea • Sunburns • Insect bites • Burns • Couperose

INGREDIENTS

ACEROLA	Bioassimilable agent, healing, anti-inflammatory, antioxidant, mineralizing and rich in vitamin C.
AESCINE	Anti-edematous, anti-inflammatory and veinotonic agent.
ALLANTOIN	Healing, soothing and moisturizing agent.
ALGAE EXTRACT ASPARAGOPSIS ARMATA	Firming and anti-inflammatory agent specific to microcapillaries. Protects the collagen matrix composing the capillaries.
ALOE VERA	Soothing, healing, regenerating, purifying and astringent agent.
ARNICA	Moisturizing, decongesting, anti-inflammatory, regenerating and healing agent that promotes good blood circulation.
BALSAM FIR	Toning agent which improves the elasticity of the blood vessels' muscles.
BERGAMOT EO	Regenerating, calming and antiseptic agent.
CALENDULA	Calming, antioxidant, healing, regenerating and anti-inflammatory agent.
COLLOIDAL OATMEAL	Soothing, healing and emollient agent.
CORAL CALCIUM	Moisturizing and nourishing agent rich in various trace elements necessary for skin support.
DAMASK ROSE EO	Revitalizing, regenerating, stimulating, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-wrinkle agent. Prevents skin aging.
ENERGIZED SEAWATER	Powerful biocompatible vector that sets hydration thanks to its richness in minerals.
GERANIUM	Anti-inflammatory, antibacterial and antimicrobial agent.
GLYCERIN	Humectant, moisturizing and softening agent

CALMA™

Ultra-soothing gel

INGREDIENTS (CONTINUATION)

HYALURONIC ACID	A moisturizing agent that contains anti-aging and plumping properties.
HONEYSUCKLE FLOWER	Anti-inflammatory agent that reduces heat and helps eliminate toxins.
LAVENDER EO	A powerful antimicrobial antiseptic with healing and regenerative properties.
LICORICE EXTRACT	Inhibits pigmentation by preventing the activation of tyrosinase and acts as a natural skin lightener.
OPHIOPOGON JAPONICUS	Rebalances the microbiota and prevents signs of atopic dermatit
PALMAROSE EO	An antibacterial and antiviral agent with stimulating and regenerative properties.
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
WILD VERBENA EO	Anti-inflammatory, astringent, toning, stimulating, healing, soothing and calming agent.
WITCH HAZEL	Anti-inflammatory agent, calming, vasoconstrictor and soothing redness.

PRO TIP

For best results, use in conjunction with the Davincia® Purliv™ shower gel.

CAUTIONS

For external use only. When using this product avoid contact with eyes. If contact occurs, rinse thoroughly with water. Stop use and consult a health care professional if symptoms worsen or last for more than 7 days. Keep out of reach of children. If swallowed, call a poison control centre or get medical help right away.

2023 VERSION

CURATIVO™

Regulating gel - acne-prone skin

ANTIBACTERIAL | ANTI-INFLAMMATORY | DETOXIFYING | HEALING

BENEFITS

Curativo™ helps to balance the disorders related to oily and acne-prone skin by strengthening the microbiome and slowing down the proliferation of bad bacteria. It modulates the production of the sebaceous glands, reinforces the cutaneous flora, soothes inflammation and allows a better skin healing.

TARGETS ————— Oily skin • Acne-prone skin • Inflammation • Infections

INGREDIENTS

ALOE VERA	Antioxidant, healing, calming, moisturizing and rich in trace elements.
BURDOCK	Anti-seborrheic, antibacterial and skin antibiotic agent.
CLOVE EO	Antibacterial, antimicrobial, antiseptic agent.
COLLOIDAL SULPHUR	Healing agent that slows down bacterial growth and traps toxins.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
ENERGIZED SEAWATER	Powerful vector that fixes hydration due to its richness in minerals. Similar to blood plasma.
FIREWEED (FLOWER)	Irritation-reducing agent and powerful antioxidant. Inhibits the p. acnes bacterium.
GLYCERIN	Humectant, moisturizing and softening agent.
GRAPEFRUIT EO	Astringent, antiseptic, toning, decongestant and detoxifying agent.
GRAPEFRUIT SEED EXTRACT	Natural antibiotic.
HÔ WOOD EO	Antibacterial, antifungal, antioxidant and tonic agent.
IRIS EXTRACT	Anti-inflammatory and astringent agent.
ITALIAN HELICHRYSUM EO	Soothing and healing agent.
JUNIPER EO	Anti-inflammatory, tonic and astringent skin agent.
LAVENDER EO	Powerful healing agent, skin regenerator, antimicrobial and antiseptic.
PROPOLIS	Antiseptic, antibacterial, anti-inflammatory, antioxidant and rich in vitamins and minerals.
SALICYLIC ACID	Keratolytic agent, exfoliating and moisturizing.
SOYA LECITHIN	Rich in vitamins and minerals, helps to liquefy sebum and promotes healing.

CURATIVO™

Regulating gel - acne-prone skin

INGREDIENTS (CONTINUATION)

TEA TREE EO	Anti-inflammatory, antibacterial, antifungal, antiseptic, purifying and cleansing agent.
THYME EO	Anti-inflammatory, antioxidant, antiseptic, toning, stimulating and healing agent.
VITAMIN A	Sebo-regulating, regenerating and immunostimulating agent.
WHITE LOTUS EO	Antioxidant, anti-inflammatory, healing, calming, moisturizing agent.
WITCH HAZEL	Anti-inflammatory, calming, vasoconstrictive and redness soothing agent.
ZINC SULPHATE	Sebo-regulating, antibacterial, immunostimulating and healing agent.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Curativo™ to the face and massage gently. Use as a targeted treatment for specific skin areas. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Curativo™ can be layered with another therapeutic cream as needed. This gel-cream can be applied locally and several times a day to an infected acne area or pimple.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

BIOCONFORT™

Preventive moisturizing cream

MOISTURIZING | ANTIOXYDANT

BENEFITS

Bioconfort™ aims to moisturize and prevent aging thanks to its antioxidants and cell protectors. This cream made of 100% natural ingredients regenerates and strengthens the skin's moisture barrier while protecting it from environmental aggressors. It combines its biocompatible properties for visibly more revitalized and radiant skin.

TARGETS ————— All skin types

INGREDIENTS

ACEROLA	Agent rich in vitamin C, bioassimilable, healing, anti-inflammatory, antioxidant and mineralizing.
ALOE VERA	Soothing, healing, moisturizing, regenerating and astringent agent.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.
COLLOIDAL OATMEAL	Agent rich in soothing active ingredients and nutrients. Precious ally for sensitive and irritated skin, this agent soothes itching and irritation.
DAMASK ROSE WATER	Astringent, toning and anti-wrinkle agent that prevents premature aging of the skin.
ENERGIZED SEAWATER	Powerful biocompatible carrier rich in minerals that promote hydration. Very similar to blood plasma.
FRESH CUCUMBER PULP EXTRACT	Moisturizing, anti-wrinkle and anti-free radical agent.
GELATIN	Amino acids necessary for collagen.
GLYCERIN	Moisturizing, emollient, softening and smoothing agent.
GLYCOSAMINOGLYCANS	Agent that promotes water retention and the skin's resistance to external aggressions.
HYALURONIC ACID	Plumping, anti-wrinkle and moisturizing agent that attracts and maintains water in the skin (4 different molecular weights).
ITALIAN HELICHRYSUM EO	Regenerating, revitalizing, anti-wrinkle and anti-spot agent.
NATIVE MARINE COLLAGEN	Agent adapted for skin exposed to UV rays and stressed by the environment. An agent with a structure identical to the collagen of human skin that prevents skin aging.
PALMAROSA EO	Antibacterial, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning agent.

BIOCONFORT™

Preventive moisturizing cream

INGREDIENTS (CONTINUATION)

ROSE OF DAMASCUS EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
WHITE LOTUS EO	Antioxidant and moisturizing agent.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Bioconfort™ evenly to the face, eye contour and neck. Massage lightly in order to let the product penetrate. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

MIRADA™

Eye contour care dark circles and puffiness

HYDRATES | DRAINS | TONES

BENEFITS

Mirada™ reduces the appearance of dark circles and puffiness thanks to its biocompatible microparticles. This gel strengthens the walls of the microcapillaries, which helps drain accumulated toxins. It also stimulates genuine collagen to smooth out wrinkles around the eye area.

TARGETS ————— Blue / brown eye circles • Puffy eyes

INGREDIENTS

AESCINE (HORSE CHESTNUT)	Venotonic and vasoprotective agent that increases capillary wall resistance and decreases permeability.
ALBUMIN	Natural collagen precursor.
ALGAE EXTRACT ASPARAGOPSIS ARMATA	Firming and anti-inflammatory agent specific to microcapillaries. Protects the collagen matrix composing the capillaries.
ALGAE POLYSACCHARIDES	Promotes fluid drainage and is a lipolytic agent of fatty hernias.
ALOE VERA	Antioxidant, healing and moisturizing agent rich in trace elements.
ARNICA	Decongestant agent of the circulatory system and anti-inflammatory that relieves oedema.
CALENDULA	Calming, moisturizing, anti-inflammatory, regenerating, antioxidant and anti-oedematous agent.
CEDAR EO	Decongesting agent, lymphatic stimulant, arterial regenerator and lymphatic tonic.
CHAMOMILE WATER	Soothing, skin regenerating and anti-inflammatory agent.
CORAL CALCIUM	Moisturizing and nourishing agent rich in various trace elements necessary to support the skin.
CORNFLOWER WATER	Toning, calming and revitalizing agent. Brightens the complexion.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-wrinkle agent.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration. Similar to our blood plasma.
FRESH CUCUMBER EXTRACT	Refreshing, moisturizing, regenerating and anti-free radical agent.
GLYCOBIOPOLYMERS	Moisturizing, lifting and protective tensors against environmental pollutants. Allows for a better make-up hold.

MIRADA™

Eye contour care dark circles and puffiness

INGREDIENTS (CONTINUATION)

HYALURONIC ACID	Moisturizing agent (4 molecular weights).
ITALIAN HELICHRYSUM EO	Regenerating, revitalizing agent that reduces the appearance of wrinkles.
NATIVE MARINE COLLAGEN	An agent in the production of true collagen that acts as a mimetic for the production of human collagen.
PEPPERMINT EO	Astringent, toning and refreshing agent.
POLYPEPTIDES	Rejuvenating, nourishing and anti-wrinkle agents that promote the neo-synthesis of extracellular matrix (collagen and hyaluronic acid).
SOYA EXTRACT	Anti-aging agent that stimulates collagen production.
SULFUR	Anti-inflammatory, decongestant and detoxifying agent that eliminates heavy metals.
VITAMIN C	Antioxidant agent that improves the elasticity and tone of the skin and improves the tone of blood vessels.
WITCH HAZEL WATER	Anti-inflammatory, vasoconstrictive and draining agent.

USING ADVICE

Apply Mirada™ to the eye area by tapping or massaging from the inner to the outer area of the eye. For optimal results, use in conjunction with the Davincia® line of products.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

MIRADA™

Wrinkle-filling eye contour care

MOISTURIZES | PLUMPS | SMOOTHES | FIRMS

BENEFITS

Mirada™ naturally stimulates genuine collagen to smooth out eye contour wrinkles and reshape the skin. This miraculous eye contour product firms and tones the skin with its moisturizing and nourishing biocompatible microparticles. You will see tangible results quickly.

TARGETS ————— Wrinkles • Lack of tones

INGREDIENTS

ACEROLA	Bio-assimilable agent, healing, anti-inflammatory, antioxidant, mineralizing, rich in vitamin C.
ALBUMIN	Natural collagen precursor.
ALGAE EXTRACT	Firming, plumping and restructuring agent with a tensor effect that promotes cellular cohesion and prevents the degradation of good cells.
ALOE VERA	Antioxidant, healing, calming and moisturizing agent rich in trace elements.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.
CARROT OIL	Regenerating agent rich in vitamin A.
CHILEAN ROSEHIP OIL	Necessary agent for hydrolipidic nutrition and promotes flexibility and cellular hydration.
CORAL CALCIUM	Moisturizing, nourishing agent, rich in various trace elements necessary to support the skin.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-wrinkle agent that prevents premature aging of the skin.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration, similar to our blood plasma.
FRESH CUCUMBER EXTRACT	Refreshing, moisturizing, regenerating and anti-free radical agent.
GELATIN (HYDROLYZED COLLAGEN)	Agent rich in collagen precursors. Promotes cellular respiration and prevents aging.
GLYCOBIOPOLYMERS	Tensor, moisturizing, lifting, protects from environmental pollutants, allows for a better make-up hold.
HYALURONIC ACID	Moisturizing, plumping and anti-wrinkle agent that attracts and maintains water in the skin (4 molecular weights).

MIRADA™

Wrinkle-filling eye contour care

INGREDIENTS (CONTINUATION)

ITALIAN HELICHRYSUM EO	Regenerating, soothing and revitalizing agent that reduces the appearance of wrinkles, fine lines and brown spots on the skin.
LIPOPEPTIDES	Softening, nourishing and rejuvenating agent. Reduces the appearance of wrinkles and stimulates collagen production VII.
NATIVE MARINE COLLAGEN	Agent for the production of true collagen which also acts as a mimetic for the production of human collagen.
PALMAROSA EO	Antibacterial, antiviral, stimulating, healing and regenerating agent.
PANTHENOL (VITAMIN B5)	Moisturizing agent that promotes skin elasticity and stimulates fibroblast production.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning.
PINK LOTUS EO	Antioxidant and moisturizing agent.
POLYPEPTIDES	Rejuvenating, nourishing and anti-wrinkle agents. Promote the neo-synthesis of extracellular matrix and stimulate the synthesis of type I, II, IV collagen, fibronectin and hyaluronic acid.
SODIUM LACTATE	Natural humectant and revitalizing agent.
SOYA EXTRACT	Anti-aging agent that stimulates collagen production and prevents its degradation. Increases skin tone and provides a lifting effect.
TARA FRUIT EXTRACT	Tensor with a smoothing and anti-wrinkle effect that improves foundation coverage and protects the skin from harmful exogenous agents.
TRIPEPTIDES AND TETRAPEPTIDES	Softening, nourishing and rejuvenating agents that promote the neo-synthesis of extracellular matrix (collagen and hyaluronic acid).
VITAMIN C	Antioxidant agent, toning and stimulating fibroblasts.

USING ADVICE

Apply Mirada™ to the eye area (upper and lower eyelids) and lip area. Massage to let it penetrate. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

CRYSTAL™

Concentrate reducing the appearance of age spots

DIRECT ACTION ON PIGMENTATION DISORDERS | ANTI-INFLAMMATORY | HEALING

BENEFITS

This innovative concentrate considerably reduces the appearance of age spots in a safe and natural way. It normalizes the action of melanocytes, inhibits tyrosinase disruptors and prevents the appearance of new age spots with its anti-inflammatory and antioxidant active ingredients. The synergy of the biocompatible active ingredients it contains makes it possible to offer truly satisfactory results. Crystal™ is safe, without risk of depigmentation and for all skin types and phototypes. Find an even, radiant and healthy complexion... naturally!

TARGETS ————— All types of pigmentary spots • All skin types • All phototypes

INGREDIENTS

ACEROLA	Agent rich in vitamin C.
ALGAE EXTRACT	Calms the gene that activates tyrosinase, inhibits the gene that stimulates melanosome maturation and migration.
ALLANTOIN	Calming, healing and regenerating agent.
ASCORBIC ACID	Keratolytic exfoliating, lightening and antioxidant agent that moderates tyrosinase activity.
BEARBERRY EXTRACT	Bearberry inhibits the production of melanocytes, lightens and evens out the complexion.
BISABOLOL	Healing and anti-inflammatory agent. Reinforces the protective barrier.
CARROT AND CELERY SEED EO	Agents that moderate tyrosinase activity and decrease pigment storage.
CARROT OIL	An agent that promotes the regeneration of damaged tissue and enhances UV protection.
CASTOR OIL	Anti-inflammatory agent that helps purge accumulated pigment.
CHAMOMILE WATER	Anti-inflammatory agent.
CHILEAN ROSE HIP OIL	Repairing, regenerating and healing agent.
CO Q10	Antioxidant agent.
CURCUMIN	Anti-inflammatory, antioxidant and whitening agent.
DAMASK ROSE EO	Revitalizing, regenerating and healing agent.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration.
FERMENTING OF HYDROLYZED PROTEINS	An agent that reduces the activity of tyrosinase and deposited melanin. Brightens stains.

CRYSTAL™

Concentrate reducing the appearance of age spots

INGREDIENTS (CONTINUATION)

HELICHRYSUM EO	Anti-inflammatory, regenerating and healing oil.
LAVENDER EO	Powerful healing agent, skin regenerator and calming of the nervous system.
LEMON EO	Antioxidant and lightening agent.
LIQUORICE EXTRACT	Inhibits pigmentation by preventing the activation of tyrosinase and acts as a natural skin lightener.
MILK THISTLE EXTRACT	Powerful antioxidant agent that helps prevent glutathione depletion.
PURIFIED OIL AND GLUCOSE EXTRACT	Agent that protects the microbiome.
SALICYLIC ACID	Mild keratolytic exfoliating agent.
SOD	Super anti-oxidant and anti-aging that reduces melanin oxidation.
SULFUR	Organic compound that helps remove heavy metals.
VITAMIN E	Healing, regenerating and antioxidant agent.

USING ADVICE

Morning and evening, before your moisturizer, apply Crystal™ to the concerned areas of the face. Repeat these steps for a minimum of 30 up to 90 consecutive days or until a satisfying result is obtained. Use as part of a Biocompatible® Care cure with recommended home products. It is imperative to use a sunscreen while using Crystal™.

*Crystal™ has a slightly orange tint but does not stain the skin. May stain fabrics.

PRO TIP

Offer this concentrate in all seasons, because it maintains the pigment balance during periods of great stimulation. Be sure to inform your client of the necessary rigor for optimal results; in other words, every night without exception! Refer to a naturopathic doctor for the use of complementary internal supplements.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.
