

BIOCOMPATIBLE® CARE

Face

DETOXIFIES | REVITALIZES | ENERGIZES | STRENGTHENS | REPAIRS | PROTECTS | NOURISHES

BENEFITS

Biocompatible® Care is an innovative alternative to traditional invasive solutions. Respectful of the skin, it provides it with the ideal conditions that promote its autonomy; it provides the skin cells with the organic nutrition they need so that they can renew themselves in their entirety. The result? A new, fresher, healthier and more resistant skin. The active ingredients of this care work deep into the dermis almost 7 days after the treatment. This treatment is not only a solution to problems, but also a beautiful way to prevent and maintain the youthfulness of the skin.

NOTE : Acids account for less than 1% of the total formula and are quickly neutralized. This care is not a peel.

TARGETS

Rosacea • Couperose • Bags • ~~Wrinkles~~ • Acne • Scars • Tone • Dilated skin pores
Acne rosacea • Brown spots • Dark circles • Oily skin • Blackheads • Dull complexion

INGREDIENTS

ALGINATE	Humectant and purifying agent rich in amino acids and minerals.
ASCORBIC ACID (VITAMIN C)	Exfoliating, brightening, antioxidant agent. Stimulates collagen production and improves skin elasticity.
CLAY	Purifying, cellular reconstituting and healing agent. Absorbs toxins and dead cells.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-aging agent.
DEAD SEA MUD	Detoxifying, exfoliating, purifying, oxygenating, mineralizing, firming, regenerating, reconstituting and cellular energizing agent. Stimulates circulation.
ENERGIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration. Seawater contains components in the same proportions as those in our blood plasma.
FERMENTED PAPAYA	Antioxidant that stimulates natural defenses. Rich in vitamins.
FRESH YEAST	Very rich in nutrients that help repair our own cells including amino acids, minerals, carbohydrates and cell membrane fragments.
GLYCOLIC ACID	Toning, moisturizing and exfoliating agent. Improves elasticity.
GLYCOSAMINOGLYCAN	Promotes water retention and constitutes 30% of organic tissue.
GRAPEFRUIT EO	Astringent, antiseptic, purifying, stimulating and decongestant agent.
HYALURONIC ACID	Moisturizing, plumping and anti-aging agent.
HYPEREMIC AGENTS	Activate circulation and stimulates cellular exchanges.

BIOCOMPATIBLE® CARE

Face

INGREDIENTS (CONTINUATION)

LACTIC ACID	Exfoliating, softening and moisturizing agent. Stimulates collagen production.
LAVENDER EO	Healing, regenerating, antimicrobial and antiseptic agent.
LEMON EO	Purifying, antiseptic and antibacterial agent.
MANDELIC ACID	Antibacterial and exfoliating agent.
PALMAROSA EO	Antibacterial, fungicidal, antiviral, healing and regenerating agent.
PAPAIN	Natural anti-inflammatory enzyme that promotes debridement and supports healing and detoxification. Biological energizer that acts as an intelligent "PAC-MAN".
PINK LOTUS EO	Antioxidant, anti-inflammatory, softening and moisturizing agent.
PROBIOTIC (LACTIC ACID BACTERIA)	Immuno-stimulating organic protector. Promotes symbiotic balance.
PROPOLIS	An antiseptic, antibacterial, anti-inflammatory and antioxidant agent. Rich in vitamins and minerals, contains active ingredients acting against unwanted skin bacteria.
SALICYLIC ACID	Gentle exfoliating and keratolytic agent (total 1%).
SORBITOL	Humectant agent, reduces dryness by sealing in moisture.
SPIRULINA (SUPER FOOD)	Antioxidant, immunostimulant, nourishing and re-mineralizing agent.
WHITE WILLOW BARK EXTRACT	Exfoliating, powerful keratolytic.
ZINC GLUCONATE	Antioxidant and anti-inflammatory agent that promotes healing.

USING ADVICE

As a cure, the Biocompatible® Care is essential to correct the effects of time. This unique and patented product must be recommended by your Davincia® retailer to obtain optimal benefits.

CAUTIONS

WARNING: Only use the Davincia® product range in conjunction with this treatment since it contains powerful active agents whose action could be altered by certain ingredients. The synergy with the complementary Davincia® products will bring you outstanding results.

DO NOT USE IF YOU ARE PREGNANT. Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

ENZYMAX™

Complement to the Biocompatible® Care

POTENTIATOR

BENEFITS

Increases the effect of Biocompatible® Care and creates localized hyperhemia. It is used on fibrous and hyperkeratinized tissues, scars, pigmentary spots, wrinkles and acne.

TARGETS ———— Though skin • Thick skin • Deep wrinkles • Crysts • Acne • Scars • Dark spots

INGREDIENTS

HYPERHEMIC AGENTS	Ingredients that activate the circulation and stimulate cellular exchanges of nutrients.
PAPAIN AND BROMELAIN	A natural anti-inflammatory enzyme and organic energizer that is a biological stimulant acting as an intelligent "PAC MAN", promotes the detoxification of damaged skin and supports the healing process.
SERRAPEPTASE	A proteolytic enzyme derived from the Serratia bacteria, which has the ability to dissolve non-living tissues while preserving living cells and tissues.
WHITE WILLOW BARK (SALICYLIC ACID)	A powerful keratolytic agent.
ZINC GLUCONATE	Purifying, antioxidant and anti-inflammatory agent that promotes healing.

ENZYMAX™

Complement to the Biocompatible® Care

USING ADVICE

For professional use only. To be used as a cure only and from the second or third Biocompatible® Care. Mix a controlled amount of Enzymax™ with the Biocompatible® Care powder before adding the liquid. Start with one gram in the entire powder mixture and increase the dose of one gram at a time in subsequent treatments. For optimal results, use in conjunction with the Davincia® product line.

ATTENTION : Never use Enzymax™ by itself on the skin, during the first Biocompatible® Care and near the eyes. Do not exceed the ratio of one third of the Enzymax™ sachet to two thirds of the powder sachet of the Biocompatible® Care.

CAUTIONS

For professional use only. Keep out of reach of children. Avoid using on eyelid and irritated skin, in case of allergy to one of the ingredients or if you are pregnant. If a reaction occurs, discontinue use and notify your Davincia® retailer. In case of contact with eyes, rinse with water. For external use only.

PURIFICA™

Cleansing and brightening foam

Cleanses | Exfoliates | Brightens | Purifies | Removes make-up

BENEFITS

Purifica® cleansing foam gently cleanses, removes make-up and exfoliates, eliminating impurities, excess sebum and dead skin cells, and fighting shine. It nourishes and protects the skin's microbiome, preparing it to receive the precious active ingredients in your Davincia products.

USING ADVICES

Apply 3-5 pumps of the cleansing foam on a wet or dry skin. Leave on for 10 seconds while gently massaging with fingertips and finishing with the eye area. Rinse thoroughly and follow with the recommended Davincia product. For optimal results use with the Davincia product line.

TARGETS

All skin types

INGREDIENTS

ASCORBIC ACID (VITAMIN C)	Keratolytic, exfoliating, moisturizing, lightening and toning agent.
ALOE VERA	Moisturizing, healing and soothing agent.
DAMASK ROSE EO	Revitalizing, regenerating, healing, stimulating, firming and anti-wrinkle agent.
FERMENTED POLYSACCHARIDES	Moisturizing, soothing and restructuring agent.. Agent with anti-aging properties through its action on longevity proteins and its anti-aging antioxidant action.
GLYCERIN	Humectant, moisturizing and softening agent.
GRAPEFRUIT EO	Antioxidant, antiseptic and stimulant. Prevents premature aging of the skin and gives radiance to the complexion.
JUNIPER EO	Anti-inflammatory, skin tonic and astringent.
LEMON EO	Antimicrobial, antioxidant, antiseptic, anti-inflammatory, astringent and collagen production stimulant.
LACTIC ACID	Keratolytic, exfoliating and moisturizing agent.
LOTUS EO	Moisturizing, astringent, antioxidant, detoxifying and purifying agent.
NATURAL SURFACTANTS	Gentle foaming cleansers that respect the microbiota.
PURIFIED OIL AND GLUCOSE EXTRACT	Agent that deposits a hydrolipidic film on the skin to protect the microbiome.
WITCH HAZEL	Astringent, anti-inflammatory and venous tonic.

PURIFICA™

Cleansing and brightening foam

USING ADVICE

Apply 3-5 pumps of Purifica™ foam to the face (wet or dry), leave on for 10 seconds, finish with the eyes, then rinse thoroughly. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

EXFOLIA™

Biocompatible mineral exfoliator

DETOXIFYING | ANTI-INFLAMMATORY | ANTIBACTERIAL | HEALING

BENEFITS

Exfolia™ mechanical and keratolytic mineral scrub purifies the skin by gently removing dead cells. It absorbs toxins and manages unwanted bacteria, while calming inflammation through its remineralizing and healing action. Exfolia™ prepares the skin to absorb the precious active ingredients of your daily Davincia® products.

TARGETS

Dull complexion • Thick skin • Pigmentation spots • Anti-aging • Wrinkles • Tone • Asphyxia • Acne • Dilated pores

INGREDIENTS

ASCORBIC ACID (VITAMIN C)	Keratolytic exfoliating agent, lightening and antioxidant. Collagen precursor.
BAMBOO FIBER	Natural and biodegradable mechanical exfoliating agent.
CHILEAN ROSE HIP OIL	Anti-wrinkle, anti-aging, antioxidant, healing, regenerating and toning agent.
DEAD SEA MUD	Detoxifying, exfoliating, purifying, oxygenating, mineralizing, firming and regenerating agent. Reconstituting and cellular energizing agent that stimulates blood circulation.
GLYCOLIC ACID	Exfoliating, toning and moisturizing agent. Brightens the complexion and improves skin elasticity.
GRAPEFRUIT SEED EXTRACT	Antibiotic, antibacterial and antioxidant agent.
GLYCERIN	Moisturizing, emollient, softening and smoothing skin agent.
JUNIPER EO	Anti-inflammatory, tonic and astringent agent.
KAOLIN	Anti-inflammatory, antiseptic and softening agent when combined with essential oils. Agent that absorbs impurities.
LACTIC ACID	Lactic acid: Keratolytic, exfoliating and moisturizing agent.
PEPPERMINT EO	Antibacterial, astringent, purifying, toning, refreshing and soothing agent.
SALICYLIC ACID	A powerful keratolytic, antibacterial and purifying agent that stimulates skin renewal.
SESAME OIL	Smoothing, softening, calming, antioxidant and anti-wrinkle agent.
SODIUM LACTATE	Bacteriostatic, humectant and keratolytic agent (helps eliminate dead cells from the stratum corneum).
VITAMIN E	Antioxidant, repairing and healing agent.

EXFOLIA™

Biocompatible mineral exfoliator

USING ADVICE

Once a week or as recommended, apply a thin layer to the area to be exfoliated, massage, leave on for 2 minutes or more, then exfoliate and rinse. Emphasize by massaging into wrinkles and areas that lack tone to stimulate collagen. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Use as a mask on specific skin problems, to accelerate the healing of a pimple or on an area of infected pimples, on a rosacea acne attack or scaly skin.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

VERSION 02/2024

AQUA™

Moisturizing and plumping collagen mask

SOOTHES | MOISTURIZES | PLUMPS

BENEFITS

Endowed with a strong hydrating capacity, Aqua™ soothes the epidermis. It releases powerful soothing and regenerating biocompatible agents to provide suppleness, comfort and freshness. Aqua™ decongests rosacea and couperose skin. Thanks to its collagen precursors, this mask restructures and plumps the skin, in addition to naturally regalanizing the lips.

TARGETS

Sensitive skin • Redness • Dryness • Poor tonicity • Sunburn

INGREDIENTS

ALOE VERA	Moisturizing, healing and soothing agent.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-aging agent.
FERMENTED PLANT SUBSTRATES	Skin softening, anti-aging, restructuring, humectant and microbiome nourishing agent.
FRESH CUCUMBER PULP EXTRACT	Refreshing, moisturizing, regenerating and nourishing ingredient. Agent with anti-radical, astringent and cleansing properties that promote healing.
GELATIN	Amino acids necessary for collagen.
GLYCERIN	Humectant, moisturizing and softening agent.
GERANIUM ESSENTIAL OIL	Anti-inflammatory, antibacterial and antimicrobial agent.
HYALURONIC ACID	Moisturizing, plumping and anti-aging agent.
MINT EXTRACT	Antibacterial, astringent, purifying, toning, refreshing and soothing agent.
NATIVE MARINE COLLAGEN	Agent adapted for skins exposed to UV rays and stressed by the environment. An agent with a structure identical to collagen in human skin that prevents skin aging.
SODIUM LACTATE	Bacteriostatic, humectant and keratolytic agent (helps eliminate dead cells from the stratum corneum).
SORBITOL	Humectant agent that reduces dryness by sealing in moisture.
WITCH HAZEL WATER	Astringent, anti-inflammatory, calming and venous tonic agent.

AQUA™

Moisturizing and plumping collagen mask

USING ADVICES

Once or twice a week, on clean skin, apply Aqua™ in an even and thick layer to cover the face and neck. Leave on for 10 minutes or more and rinse. Follow with recommended Davincia® products. For optimal results, use in conjunction with the Davincia® product line.

PRO TIP

Men will love shaving with Aqua™! Thanks to its gel texture, the blade glides smoothly and provides a comfortable shave. Aqua™ makes the skin soft, moisturizes intensely, calms inflammation and pimples caused by shaving.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

IDRATA™

Moisturizing and plumping serum with polypeptides

HYDRATES | NOURISHES | PLUMPS

BENEFITS

Idrata® is a powerful vector for the active ingredients in Davincia creams. Thanks to the synergy of moisturizing and humectant agents of different molecular weights, this serum attracts and maintains the skin's moisture. In addition to its plumping and anti-wrinkle action, the polysaccharides it contains nourish and preserve the microbiome.

TARGETS

All skin types • Dry skin

INGREDIENTS

COMFREY (STEM CELL EXTRACT)	Agent with hemostatic, anti-inflammatory, astringent, healing and emollient properties, accelerates the formation of new cells.
DAMASK ROSE WATER	Toning, anti-wrinkle and refreshing astringent water that prevents premature aging of the skin.
DYNAMIZED SEAWATER	Powerful vector that is rich in complete minerals for nourishing and restoring the skin's moisturization, while promoting optimal biocompatibility. The composition of seawater is made up of elements in the same proportion as our blood plasma.
GLYCERIN	Hydrating emollient that leaves skin soft and smooth.
HYALURONIC ACID	Moisturizing agent that contains anti-aging and plumping properties.
LIPOPEPTIDES	Softening, nourishing and rejuvenating agent. Reduces the appearance of wrinkles and stimulates collagen VII production.
SODIUM LACTATE	Keratolytic humectant ingredient acting as a bacteriostatic agent that improves preservation further assisting in the elimination of dead cells from the surface of the skin).
SODIUM PCA	Hygroscopic moisturizing agent that contains natural electrolytic properties to ensure plumpness and firmness.
SORBITOL	Moisturizing agent that reduces dryness and seals in moisture.
SOY PROTEIN EXTRACT (ISOFLAVONES)	Anti-aging component that prevent dark spots due to hormonal changes and that is necessary for the production of collagen.

IDRATA™

Moisturizing and plumping serum with polypeptides

USING ADVICE

Clean the skin with your Purifica®, apply Idrata®, allow it to penetrate, spray Luvya® and follow with the recommended Davincia cream product. For optimal results use in conjunction with the Davincia product line

PRO TIP

Apply to lips and eyelids for a plumping effect. The slower the serum is applied, the better it penetrates.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia retailer. In case of contact with eyes rinse with water. External use only.

LUVYA™

Invigorating and energizing mist

Decongests | Tones | Soothes

BENEFITS

By delivering its vivifying biocompatible microparticles, Luvya™ mist offers an invigorating and stimulating freshness. This 100% natural product protects the skin against environmental stressors causing dryness. The skin appears visibly more energized, toned and youthful. This mist stands out for the Schüssler salts and gemmotherapy it contains. It allows nutrients to penetrate cells like a magnet.

USING ADVICE

After applying Idrata™ serum, spray Luvya™ mist on the face for a fresh sensation. Follow with your recommended face cream. For optimal results, use with the Davincia® product range.

TARGETS

Lack of skin tone • Rosacea • Redness • Droopy eyelids

INGREDIENTS

BIRCH GEMMOTHERAPY	Contains agents rich in nucleic acids, growth phytohormones, minerals, oligo elements, vitamins, flavonoids (antioxidants), with anti-inflammatory, draining, purifying and toning properties.
CASSIS GEMMOTHERAPY	Ingredient with adaptogenic, anti-inflammatory, and with phlebotonic properties that stimulate the overall metabolism, playing an immuno-regulating role. Having an anti-degenerative effect, cassis gemmotherapy enhances the action of remedies with which it is associated, normalizing and harmonizing the skin's functions and increases the body's overall resistance.
DAMASK ROSE WATER	Toning, anti-wrinkle and refreshing astringent water that prevents premature
DYNAMIZED SEAWATER	A powerful vector that is rich in complete minerals for nourishing and restoring the skin's moisturization, while promoting optimal biocompatibility. The composition of seawater is made up of elements in the same proportion as our blood plasma.
FRESH CUCUMBER EXTRACT	Refreshing, moisturizing, rejuvenating, nourishing, purifying, astringent and healing agent with anti-radical properties.
HAMAMELIS	A calming, anti-inflammatory vasoconstrictor that soothes redness.
HYALURONIC ACID	A moisturizing agent that attracts and maintains hydration. It contains anti-wrinkle and plumping properties.
SCHÜSSLER SALT	Toning, firming and purifying agent

LUVYA™

Invigorating and energizing mist

PRO TIP

Use Luvya™ mist during the day for a refreshing and invigorating effect! For those who wash their face twice a day, suggest it in the morning as a replacement for cleanser. It will provide the skin with additional nutrients.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

2024 VERSION

VITALITA™

Anti-aging firming cream - normal to oily skin

Tones | Plumps | Restructures

BENEFITS

Through the synergy of its active ingredients, this anti-aging cream rich in collagen, combines its biocompatible properties to give a boost to the epidermis while repulping and replenishing it with vitality. Its powerful antioxidants help prevent cellular aging.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Vitalita™ anti-aging cream and massage gently onto the face, eye area and neck to help it penetrate more effectively. For optimal results, use with the Davincia® product line.

TARGETS

Lack of tonicity • Lack of cushion • Wrinkles • Fine lines

INGREDIENTS

ALGAE EXTRACT	Firming, plumping and restructuring agent with a tensor effect that promotes cell cohesion and prevents the degradation of good cells.
ALOE VERA	Soothing, healing, moisturizing and regenerating agent.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.
ASCORBIC ACID (VITAMIN C)	Keratolytic, lightening and antioxidant exfoliant. Collagen precursor
CARROT EO	Regenerating agent rich in vitamin A.
CERAMIDES	Responsible for lipid signalling, they act as a protective film to prevent water loss. Promotes the adhesion of solar minerals, helping them to maintain a uniform film.
CHILEAN ROSEHIP OIL	Necessary agent for hydrolipidic nutrition and promotes flexibility and cellular hydration.
COLLOIDAL OAT	Ingredient rich in nutrients and soothing active ingredients for itching and irritation. Precious ally for sensitive and/or irritated skin.
COPPER COMPLEX	Triggers collagen and elastin production. Reduces deep wrinkles and improves skin firmness.
CORAL CALCIUM	Moisturizing, nourishing agent, rich in various trace elements necessary to support the skin.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Astringent and toning agent that prevents premature skin aging.
DYNAMIZED SEAWATER	Powerful biocompatible vector rich in minerals that promote hydration; very similar to blood plasma.
EPIDERMAL GROWTH FACTOR (EGF)	Derived from a 53-amino-acid polypeptide. Stimulates tissue cell growth. Reactivates the skin's ability to produce collagen and elastin. Stimulates hydration. Prevents pigmentation. Reinforces the cutaneous barrier.
FERMENTED PLANT SUBSTRATES	Anti-aging, restructuring, humectant and microbiome-nourishing agent.

VITALITA™

Anti-aging firming cream - normal to oily skin

INGREDIENTS (CONTINUATION)

FRESH CUCUMBER EXTRACT	Moisturizing, regenerating, nourishing and anti-free radical agent.
GLYCERIN	Moisturizing, emollient, softening and smoothing agent.
GLYCOSAMINOGLYCANS	Agent that promotes water retention and the skin's resistance to external aggressions.
HYALURONIC ACID	Moisturizing, plumping and anti-aging.
ITALIAN HELICHRYSUM EO	Regenerating, revitalizing, anti-wrinkle and anti-spotting agent.
LIPOPEPTIDES	Softening, nourishing and rejuvenating agent. Reduces the appearance of wrinkles and stimulates collagen production VII.
LOTUS EO	Antioxidant and moisturizing agent.
NATIVE MARINE COLLAGEN	Agent that helps form a protective shield to prevent aging. Structuring agent identical to human skin's collagen and used as a mimetic for the production of real collagen.
PALMAROSA EO	Antibacterial, fungicidal, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning agent.
PRE-GERMINATED SOYBEAN EXTRACT	Biostimulating agent of the fibroblasts rich in peptides and trace elements. Precursor of collagen which prevents its degradation and which increases the tonicity (lifting effect) of the skin.
TRIPLEPTIDES AND TETRAPEPTIDES	Softening, nourishing and rejuvenating agents that promote the neo-synthesis of extracellular matrix (collagen and hyaluronic acid).
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
YEAST EXTRACT	Probiotic obtained by fermentation. It acts as a postbiotic that can help normalize the skin microbiome by curbing the proliferation of micro-organisms on the skin's surface causing skin problems.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

VITALITA™

Anti-aging firming cream - dry skin

Tones | Plumps | Restructures

BENEFITS

Through the synergy of its active ingredients, this anti-aging cream rich in collagen, combines its biocompatible properties to give a boost to the epidermis while repulping and replenishing it with vitality. Its powerful antioxidants help prevent cellular aging. This version contains a higher proportion of oil than the version for normal skin.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Vitalita™ anti-aging cream and massage gently onto the face, eye area and neck to help it penetrate more effectively. For optimal results, use with the Davincia® product line.

TARGETS

Lack of tonicity • Lack of cushion • Wrinkles • Fine lines • Dry skin

INGREDIENTS

ALGAE EXTRACT	Firming, plumping and restructuring agent with a tensor effect that promotes cell cohesion and prevents the degradation of good cells.
ALOE VERA	Soothing, healing, moisturizing and regenerating agent.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.

NATIVE MARINE COLLAGEN	Agent that helps form a protective shield to prevent aging. Structuring agent identical to human skin's collagen and used as a mimetic for the production of real collagen.
PALMAROSA EO	Antibacterial, fungicidal, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning agent.
PRE-GERMINATED SOYBEAN EXTRACT	Biostimulating agent of the fibroblasts rich in peptides and trace elements. Precursor of collagen which prevents its degradation and which increases the tonicity (lifting effect) of the skin.
SHEA BUTTER	Shea Butter: A protective, restorative, and soothing substance that contains moisturizing properties to prevent dryness of the skin during winter.
TRYPEPTIDES AND TETRAPEPTIDES	Softening, nourishing and rejuvenating agents that promote the neo-synthesis of extracellular matrix (collagen and hyaluronic acid).
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
YEAST EXTRACT	Probiotic obtained by fermentation. It acts as a postbiotic that can help normalize the skin microbiome by curbing the proliferation of micro-organisms on the skin's surface causing skin problems.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

CALMA™

Ultra-soothing gel - sensitive skin

Soothes redness | Anti-inflammatory

BENEFITS

Calma™ increases the skin's resistance to environmental aggressions, in addition to decongesting areas marked by rosacea and couperose. It participates in the strengthening of the skin thanks to its moisturizing and regenerating properties, while promoting a better vessel toning.

USING ADVICE

Once a day on clean skin, following the use of the Idrata™ serum and the Luvya™ facial mist, apply Calma™ on the face and under eye area. Gently massage in order to let the product penetrate. For optimal results, use with the Davincia® product line.

TARGETS

Rosacea • Sunburns • Insect bites • Burns • Couperose

INGREDIENTS

AESCINE	Anti-edematous, anti-inflammatory and veinotonic agent.
ALLANTOIN	Healing, soothing and moisturizing agent.
ALGAE EXTRACT ASPARAGOPSIS ARMATA	Firming and anti-inflammatory agent specific to microcapillaries. Protects the collagen matrix composing the capillaries.
ALOE VERA	Soothing, healing, regenerating, purifying and astringent agent.
ARNICA	Moisturizing, decongesting, anti-inflammatory, regenerating and healing agent that promotes good blood circulation.
ASCORBIC ACID (VITAMIN C)	Keratolytic, lightening and antioxidant exfoliant. Collagen precursor.
BALSAM FIR	Toning agent which improves the elasticity of the blood vessels' muscles.
CALENDULA	Calming, antioxidant, healing, regenerating and anti-inflammatory agent.
COLLOIDAL OAT	Soothing, healing and emollient agent.
CORAL CALCIUM	Moisturizing and nourishing agent rich in various trace elements necessary for skin support.
DAMASK ROSE EO	Revitalizing, regenerating, stimulating, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Astringent, toning, refreshing and anti-wrinkle agent. Prevents skin aging.
DYNAMIZED SEAWATER	Powerful biocompatible vector that sets hydration thanks to its richness in minerals.
FERMENTED PLANT SUBSTRATES	Skin-softening, anti-aging, restructuring, microbiome-nourishing and humectant agent.
GERANIUM	Anti-inflammatory, antibacterial and antimicrobial agent.
GLYCERIN	Humectant, moisturizing and softening agent

CALMA™

Ultra-soothing gel - sensitive skin

INGREDIENTS (CONTINUATION)

GLYCOSAMINOGLYCANS	Agent promoting water retention and skin resistance to external attacks. Helps reduce the appearance of varicose veins and rosacea.
HONEYSUCKLE FLOWER	Anti-inflammatory agent that reduces heat and helps eliminate toxins.
LAVENDER EO	A powerful antimicrobial antiseptic with healing and regenerative properties.
LICORICE EXTRACT	Inhibits pigmentation by preventing the activation of tyrosinase and acts as a natural skin lightener.
OPHIOPOGON JAPONICUS	Rebalances the microbiota and prevents signs of atopic dermatit
PALMAROSA EO	An antibacterial and antiviral agent with stimulating and regenerative properties.
SODIUM LACTATE	Bacteriostatic, humectant and keratolytic agent (helps remove dead cells from the stratum corneum).
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
WITCH HAZEL	Anti-inflammatory agent, calming, vasoconstrictor and soothing redness.

PRO TIP

Recommend the daily use of Calma™ all year round, as a preventive measure, when the skin presents couperose, rosacea or more pronounced redness. It can be used in underneath another Davincia® cream.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

CURATIVO™

Regulating gel - acne-prone skin

ANTIBACTERIAL | ANTI-INFLAMMATORY | DETOXIFYING | HEALING

BENEFITS

Curativo™ helps to balance the disorders related to oily and acneic skin by strengthening the microbiome and slowing down the proliferation of bad bacteria. It modulates the production of the sebaceous glands, reinforces the cutaneous flora, soothes inflammation and allows a better skin healing.

TARGETS

Oily skin • Acne-prone skin • Inflammation • Infections

INGREDIENTS

ALOE VERA	Antioxidant, healing, soothing, moisturizing and rich in trace elements.
BURDOCK	Anti-seborrheic, antibacterial and skin antibiotic agent.
COLLOIDAL SILVER	Healing, regenerating, antiseptic, bactericidal, germicidal, antiviral, immunostimulant and oxygenating agent.
CINNAMON EO	Anti-infectious, antifungal, antiviral, antibacterial and antiparasitic agent.
CLOVE EO	Antibacterial, antimicrobial and antiseptic agent.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DYNAMIZED SEAWATER	Powerful carrier that locks in moisture thanks to its rich mineral content. Similar to blood plasma.
FIREWEED (FLOWER)	Irritation-reducing agent and powerful antioxidant. Inhibits p. acnes bacterium
FERMENTED PLANT SUBSTRATE	Skin-softening, anti-aging, restructuring, humectant and microbiome-nourishing agent.
GRAPEFRUIT SEED EXTRACT	Natural antibiotic, antibacterial and antioxidant agent.
GRAPEFRUIT EO	Astringent, antiseptic, toning, decongestant and detoxifying agent.
GLYCERIN	Humectant, moisturizing and softening agent.
HÓ WOOD EO	Antibacterial, antifungal, antioxidant and toning agent.
ITALIAN HELICHRYSUM EO	Soothing and healing agent.
IRIS (EXTRACT)	Anti-inflammatory and astringent agent.
JUNIPER EO	Anti-inflammatory, skin tonic and astringent.
LAVENDER EO	Powerful healing agent, skin regenerator, antimicrobial and antiseptic.
LOTUS EO	Antioxidant, anti-inflammatory, healing, soothing, moisturizing.

CURATIVO™

Regulating gel - acne-prone skin

INGREDIENTS (CONTINUATION)

MSM (SULFUR SOURCE)	Healing agent that slows bacterial growth and traps toxins.
PALMAROSA HE	Antibacterial, fungicidal, antiviral, stimulating, healing and regenerating agent.
PROPOLIS	Antiseptic, antibacterial, anti-inflammatory, antioxidant and rich in vitamins and minerals.
SALICYLIC ACID	Keratolytic, exfoliating and moisturizing agent.
TEA TREE EO	Anti-inflammatory, antibacterial, antifungal, antiseptic, purifying and purifying agent.
THYME EO	Anti-inflammatory, antioxidant, antiseptic, toning, stimulating and healing agent.
VITAMIN A	Sebo-regulating, regenerating and immunostimulating agent.
WITCH HAZEL	Anti-inflammatory, calming, vasoconstrictor and redness-soothing agent.
ZINC GLUCONATE	Sebo-regulating, antibacterial, immunostimulant and healing agent.

USING ADVICES

Apply 3-5 pumps of the cleansing foam on a wet or dry skin. Leave on for 10 seconds while gently massaging with fingertips and finishing with the eye area. Rinse thoroughly and follow with the recommended Davincia product. For optimal results use with the Davincia product line.

PRO TIPS

Curativo™ can be layered with another therapeutic cream as needed. This gel-cream can be applied locally and several times a day to an infected acne area or pimple.

CAUTIONS

Keep out of reach of children. Avoid using irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. For external use only.

BIOCONFORT™

Preventive moisturizing cream

MOISTURIZING | ANTIOXYDANT

BENEFITS

Bioconfort™ aims to moisturize and prevent aging thanks to its antioxidants and cell protectors. This cream made of 100% natural ingredients regenerates and strengthens the skin's moisture barrier while protecting it from environmental aggressors. It combines its biocompatible properties for visibly more revitalized and radiant skin.

TARGETS

All skin types

INGREDIENTS

ALOE VERA	Soothing, healing, moisturizing, regenerating and astringent agent.
ARGAN OIL	Antioxidant, restructuring, moisturizing, nourishing and regenerating agent. Rich in vitamin E and essential fatty acids.
ASCORBIC ACID (VITAMIN C)	Keratolytic, lightening and antioxidant exfoliant. Collagen precursor.
COLLOIDAL OATMEAL	Agent rich in soothing active ingredients and nutrients. Precious ally for sensitive and irritated skin, this agent soothes itching and irritation.
DAMASK ROSE WATER	Astringent, toning and anti-wrinkle agent that prevents premature aging of the skin.
ENERGIZED SEAWATER.	Powerful biocompatible carrier rich in minerals that promote hydration. Very similar to blood plasma.
FRESH CUCUMBER PULP EXTRACT	Moisturizing, anti-wrinkle and anti-free radical agent.
FERMENTED PLANT SUBSTRATES	Skin-softening, anti-aging, restructuring, humectant and microbiome-nourishing agent.
GELATIN	Amino acids necessary for collagen.
GLYCERIN	Moisturizing, emollient, softening and smoothing agent.
HYALURONIC ACID	Plumping, anti-wrinkle and moisturizing agent that attracts and maintains water in the skin.
ITALIAN HELICHRYSUM EO	Regenerating, revitalizing, anti-wrinkle and anti-spot agent.
LOTUS EO	Antioxidant and moisturizing agent.
NATIVE MARINE COLLAGEN	Native Marine Collagen: Agent adapted for skin exposed to UV rays and stressed by the environment. An agent with a structure identical to the collagen of human skin that prevents skin aging.

BIOCONFORT™

Preventive moisturizing cream

INGREDIENTS (CONTINUATION)

PALMAROSA EO	Antibacterial, healing and regenerating agent.
PINK GRAPEFRUIT EO	Astringent, antiseptic, cleansing and toning agent.
ROSE OF DAMASCUS EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
YEAST EXTRACT	Probiotic obtained by fermentation. It acts as a postbiotic that can help normalize the skin microbiome by curbing the proliferation of micro-organisms on the skin's surface causing skin problems.

USING ADVICE

On clean skin, after applying Idrata™ serum, apply Bioconfort™ evenly to the face, eye contour and neck. Massage lightly in order to let the product penetrate. For optimal results, use in conjunction with the Davincia® product line.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.

VERSION 02/2024

MIRADA™

Eye contour care dark circles and puffiness

Moisturizes | Drains | Tones

BENEFITS

With its biocompatible microparticles, Mirada™ reduces the appearance of dark circles and puffiness. It strengthens and brightens the skin around the eyes by providing optimal hydration. It stimulates genuine collagen to smooth wrinkles, while toning and firming the skin. Mirada™ is 100% natural and formulated for thin skin around the eyes.

USING ADVICE

On clean skin, apply Mirada™ to the eye contour area by patting or massaging from the inside to the outside of the eye. For optimal results, use with the Davincia® product line.

TARGETS

Blue/brown eye circles • Puffy eyes

INGREDIENTS

ALBUMIN	A natural collagen precursor. It contributes to the regulation of osmosis (fluid balance) and plays a vital role in transporting nutrients.
ALOE VERA	Essential soothing, moisturizing, purifying and astringent gel that promotes healing and regeneration of all skin types.
ARGAN OIL	Restructuring antioxidant rich in vitamin E, antioxidants, omega-6 and omega-9 essential fatty acids with moisturizing, nourishing, and regenerative properties.
ARNICA	A moisturizing, healing, anti-inflammatory decongestant that has a restorative effect on the skin and facilitates good blood circulation.
CASTOR OIL	It has circulatory and decongestant properties. This helps reduce the appearance of dark circles and puffiness.
CEDAR EO	Decongestant that revitalizes blood vessels while acting as a lymphatic stimulant and tonic.
DAMASK ROSE WATER	Toning, anti-wrinkle and refreshing astringent water that prevents premature aging of the skin.
DYNAMIZED SEAWATER	A powerful vector that is rich in complete minerals for nourishing and restoring the skin's moisturization, while promoting optimal biocompatibility. The composition of seawater is made up of elements in the same proportion as our blood plasma.
FRESH CUCUMBER EXTRACT	Refreshing, moisturizing, rejuvenating, nourishing, purifying, astringent and healing agent with anti-radical properties. Caffeic and ascorbic acid contained in this ingredient are very efficient to reduce inflammation.
GLYCERIN	Hydrating emollient that leaves skin soft and smooth.
GLYCOSAMINOGLYCANS	An agent promoting water retention and skin resistance to external attacks.
HYALURONIC ACID	A moisturizing agent that contains anti-aging and plumping properties.
ITALIAN HELICHRYSUM EO	Anti-inflammatory, healing, regenerating and soothing agent. Reduces the appearance of wrinkles, fine lines and brown spots on the skin while acting as a veinotonic and lymphotonic.

MIRADA™

Eye contour care dark circles and puffiness

INGREDIENTS (CONTINUATION)

MSM (SOURCE OF SULFUR)	Anti-inflammatory, decongestant and detoxifying agent that eliminates heavy metals.
PALMAROSA EO	An antibacterial and antiviral agent with healing, stimulating and regenerative properties.
PANTHENOL (VITAMIN B5)	Moisturizing agent that promotes skin elasticity and stimulates fibroblast production.
POLYPEPTIDES	Anti-aging biomimetic amino acids that decrease the appearance of wrinkles, stimulates collagen production, moisturizes, nourishes and rejuvenate the skin. Including collagen type I, II, IV, fibronectin and hyaluronic acid.
SEAWEED EXTRACT	A firming and plumping agent that promotes cell cohesion and prevents the degradation of healthy cells.
SEAWEED POLYSACCHARIDES	Promotes fluid drainage and is a lipolytic agent for fat hernias.
SODIUM LACTATE	A keratolytic humectant ingredient acting as a bacteriostatic agent that improves preservation further assisting in the elimination of dead cells from the surface of the skin.
SODIUM PCA	A hygroscopic moisturizing agent that contains natural electrolytic properties to ensure plumpness and firmness.
SORBITOL	A moisturizing agent that reduces dryness and seals in moisture.
TARA FRUIT EXTRACT	Smoothing and anti-wrinkle tensor that improves foundation hold and protects skin from deleterious exogenous agents.
VITAMIN C	Antioxidant agent that improves skin elasticity, tones and enhances blood vessel tone.
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. For external use only.

MIRADA™

Wrinkle-filling eye contour care

Moisturizes | Plumps | Smoothes | Tones

BENEFITS

With its biocompatible microparticles, Mirada™ reduces the appearance of dark circles and puffiness. It strengthens and brightens the skin around the eyes by providing optimal hydration. It stimulates genuine collagen to smooth wrinkles, while toning and firming the skin. Mirada™ is 100% natural and formulated for thin skin around the eyes.

USING ADVICE

On clean skin, apply Mirada™ to the eye contour area by patting or massaging from the inside to the outside of the eye. For optimal results, use with the Davincia® product line.

TARGETS

Wrinkles • Lack of tonicity

INGREDIENTS

ALOE VERA	Essential purifying and astringent gel that promotes healing and regeneration.
ARGAN OIL	Restructuring antioxidant rich in vitamin E, antioxidants, omega-6 and omega-9 essential fatty acids with moisturizing, nourishing, and regenerative properties.
ASCORBIC ACID (VITAMIN C)	Keratolytic, lightening and antioxidant exfoliant. Collagen precursor.
CARROT OIL	Regenerating agent rich in vitamin A.
CHILEAN ROSE HIP OIL	Necessary agent for hydrolipidic nutrition, promoting cellular flexibility and hydration.
COPPER COMPLEX	Triggers collagen and elastin production. Reduces deep wrinkles.
DAMASK ROSE EO	Revitalizing, regenerating, healing, firming and anti-wrinkle agent.
DAMASK ROSE WATER	Toning, anti-wrinkle and refreshing astringent water. Prevents premature aging of the skin.
EPIDERMAL GROWTH FACTOR (EGF)	Derived from a 53-amino-acid polypeptide. Stimulates tissue cell growth. Reactivates the skin's ability to produce collagen and elastin. Stimulates hydration. Prevents pigmentation. Reinforces the cutaneous barrier.
FERMENTED PLANT SUBSTRATES	Skin-softening, anti-aging, restructuring, humectant and microbiome-nourishing agent.
FRESH CUCUMBER EXTRACT	Refreshing, moisturizing, rejuvenating, nourishing, purifying, astringent and healing agent with anti-radical properties. Reduce inflammation.
GELATIN (HYDROLYZED COLLAGEN)	Agent rich in collagen precursors. Promotes cellular respiration and prevents aging.
GLYCERIN	Hydrating emollient that leaves skin soft and smooth.
HYALURONIC ACID	A moisturizing agent that contains anti-aging and plumping properties.
ITALIAN HELICHRYSUM EO	Reduces the appearance of wrinkles, fine lines and brown spots on the skin while acting as a veinotonic and lymphotonic.
LIPOPEPTIDES	Smoothing, nourishing and rejuvenating agent. Reduces the appearance of wrinkles and stimulates collagen VII production.

MIRADA™

Wrinkle-filling eye contour care

INGREDIENTS (CONTINUATION)

NATIVE MARINE COLLAGEN	Compound adapted for skin that is exposed to UV rays and environmental factors. Due to a collagen structure that is identical to human skin collagen, it assists in forming a protective barrier for the prevention of premature aging of the skin.
PALMAROSA EO	An antibacterial and antiviral agent with healing, stimulating and regenerative properties.
PANTHENOL (VITAMIN B5)	Moisturizing agent that promotes skin elasticity and stimulates fibroblast production.
PINK GRAPEFRUIT EO	Astringent, antiseptic, purifying and toning agent.
PINK LOTUS EO	Antioxidant and moisturizing agent.
POLYPEPTIDES	Anti-aging biomimetic amino acids that decrease the appearance of wrinkles, stimulates collagen production, moisturizes, nourishes and rejuvenate the skin. Including collagen type I, II, IV, fibronectin and hyaluronic acid.
SEAWEED EXTRACT	A firming and plumping agent that promotes cell cohesion and prevents the degradation of healthy cells.
SODIUM LACTATE	A keratolytic ingredient acting as a bacteriostatic agent that improves preservation further assisting in the elimination of dead cells from the surface of the skin.
SOY EXTRACT	An anti-aging component that is a precursor of collagen.
TARA FRUIT EXTRACT	Smoothing and anti-wrinkle tensor that improves foundation hold and protects skin from deleterious exogenous agents.
TRIPLEPTIDES AND TETRAPEPTIDES	Soothing, nourishing and rejuvenating agents that promote the neosynthesis of extracellular matrix (collagen and hyaluronic acid).
VITAMIN C	Antioxidant agent that improves skin elasticity, tones and enhances blood vessel tone.
VITAMIN E	Antioxidant, healing, regenerating and moisturizing agent.
YEAST EXTRACT	A probiotic obtained through fermentation. It acts as a postbiotic that can help normalize the skin microbiome by curbing the proliferation of micro-organisms on the skin's surface causing skin problems.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. For external use only.

CRYSTAL™

Concentrate reducing the appearance of age spots

DIRECT ACTION ON PIGMENTATION DISORDERS | ANTI-INFLAMMATORY | HEALING

BENEFITS

This innovative concentrate significantly reduces the appearance of age spots naturally and safely. It normalizes the action of melanocytes, inhibits tyrosinase disruptors and prevents the appearance of new spots thanks to its anti-inflammatory and antioxidant active ingredients.

TARGETS

All types of pigmentary spots • All skin types • All phototypes

INGREDIENTS

ASCORBIC ACID (VITAMIN C)	Keratolytic, lightening and antioxidant exfoliant that moderates tyrosinase activity.
ALLANTOIN	Soothing, healing and regenerating agent.
ASTAXANTHIN	Powerful antioxidant that easily penetrates cell membranes, creating an extremely powerful stabilizing and protective effect.
BISABOLOL	Healing and anti-inflammatory agent. Reinforces the protective barrier.
CERAMIDES	Responsible for lipid signalling, they act as a protective film to prevent water loss. Protects against external aggressions. Promotes a more youthful appearance.
CARROT OIL	An agent that promotes the regeneration of damaged tissue and enhances UV protection.
DAMASK ROSE EO	Revitalizing, regenerating and healing agent.
DYNAMIZED SEA WATER	Powerful biocompatible carrier rich in minerals that promote hydration.
FERMENTED PLANT SUBSTRATES	Skin-softening, anti-aging, restructuring, humectant and microbiome-nourishing agent.
GLYCERIN	Moisturizing, emollient, softening and smoothing agent.
HYDROLYZED PROTEIN FERMENT	Agent that reduces the activity of tyrosinase and deposited melanin. Brightens spots.
HELICHRYSUM EO	Anti-inflammatory, regenerating and healing oil.
LEMON EO	Antioxidant and lightening agent.
LAVENDER EO	Powerful healing agent, skin regenerator and nervous system calming.
NIACINAMIDE (VITAMIN B3)	Agent underlying the cellular respiration process, which affects multiple biochemical reactions. It increases epidermal turnover, stimulates collagen production and tones the skin.

CRYSTAL™

Concentrate reducing the appearance of age spots

INGREDIENTS (CONTINUATION)

RICIN OIL	Anti-inflammatory agent that helps purge accumulated pigment.
ROSEHIP OIL	Repairing, regenerating and healing agent.
SALICYLIC ACID	Gentle, keratolytic exfoliant.
SEAWEED EXTRACT	Silences the gene that activates tyrosinase, inhibits the gene that stimulates melanosome maturation and migration.
SEA BUCKTHORN OIL	Rich in antioxidants, carotenoids, phytosterols, vitamins A, C and E, omegas 3-6-7-9, minerals and polyphenols. Natural SPF agent with emollient, softening, regenerating and nourishing properties for dry skin.
SULFUR	Organic compound helping to eliminate heavy metals.
VITAMIN E	Healing, regenerating and antioxidant agent.

USING ADVICE

At bedtime, on clean skin, apply Crystal™ as a localized treatment to the affected areas of the face. Repeat these steps every evening for a minimum of 30 consecutive days, or until a satisfactory result is achieved. For best results, use as part of a Biocompatible® skin care regimen. It is imperative to use sunscreen while using Crystal™. Thanks to its protective and revitalizing active ingredients, using Davincia® mineral facial sunscreen will help you maximize your results.

*Crystal™ has a slightly colored tint, but does not stain the skin. It may stain fabrics.

PRO TIP

Offer this concentrate in all seasons, as it maintains pigment balance during periods of high stimulation. Be sure to inform your customer of the rigor required for optimal results - every day, without exception! Refer to a naturopath for use of complementary supplements internally.

CAUTIONS

Keep out of reach of children. Avoid using on irritated skin, in case of an allergy to one of the ingredients or if you are pregnant. If a reaction occurs, stop using the product and inform your Davincia® retailer. In case of contact with eyes rinse with water. External use only.
